Rest Stop *Createspace Independent Pub*

Synopsis Rest Stop is a 250 page realistic novel based on real characters I knew while I served my time in prison. It is about the convicts I lived with on a daily basis. The book starts off in prison and gives insight of the living conditions. It tells of the games that are needed in order to survive. It explains the brotherhood that forms between cell mates and the cliques you become part of, not by choice but out of necessity. Following a fight and a stabbing, the four inmates who are held responsible are being transported from a minimum security location to the main prison when they escape. The escape convicts come up with a plan to take over a rest-area on Interstate 15. It was just a few miles from Las Vegas. They figured that the people going to Vegas would have lots of cash on them. Their plan was to rob them and use the money to get out of the country. It is a long way from Oregon State Penitentiary to Las Vegas. A big part of the story takes place on the trip to get to the rest stop, with robbery, murder and rape along the way. The driving force behind the story is the dialog and vivid thought process, not only from the convicts but from the victims. Each chapter gives insight to the mind set and words of the escaped convicts, along with the Warden, the State Police and the Federal agent who is always just one step behind the inmates. The novel begins with a thrilling, fast paced opening. It holds the excited pace up to an unforgettably tense conclusion. Each chapter ends in a poem I wrote while in prison and coincides with the story. The epilogue leaves room for a sequel for a second book. The Power to Change Minds and Behavior and Stay Ahead of the Competition *Routledge*

Today, when companies and customers are faced with an infinite number of messages, the word "relevance" has taken on a new meaning and dimension. We know that relevance matters, but what does that mean exactly? Andy Coville guides leaders and executives toward the realization that if they can focus on a single, guiding principle--a magnetic one--that permeates their brand or company, customers will not only engage but change thinking and behavior in turn. Relevance takes us through the dimensions of relevance--both qualitative and quantitative--in order to find the starting point on the Relevance Scale: where we are and where to go from here. The book walks the reader through the elements of staying relevant as well as the circumstances that contribute to establishing a relevance platform. The author offers many examples as well as explaining messaging strategies. Whether you are working with a consumer product, a nonprofit, or a B2B company, Andy Coville believes you, your brand, or your company have the power to change and influence behavior and make an impact.

Making Tough Decisions about End-of-Life Care in Dementia *JHU Press*

Each year, more than 500,000 people are diagnosed with dementia in the United States. As stunning as that figure is, countless family members and caregivers are also affected by each diagnosis. Families are faced with the need to make vital end-of-life decisions about medical treatment, legal and financial matters, and living situations for those who no longer can; no one is prepared for this process. And many caregivers grapple with sadness, confusion, guilt, anger, and physical and mental exhaustion as dementia enters its final stage. In Making Tough Decisions about End-of-Life Care in Dementia, Dr. Anne Kenny, a skilled palliative care physician, describes how to navigate the difficult journey of late-stage dementia with sensitivity, compassion, and common sense. Combining her personal experience caring for a mother with dementia with her medical expertise in both dementia and end-of-life care, Dr. Kenny helps the reader prepare for a family member's death while managing their own emotional health. Drawing on stories of families that Dr. Kenny has worked with to illustrate common issues, concerns, and situations that occurs in late-stage dementia, this book includes practical advice about • making life-altering decisions while preparing for a loved one's inevitable death • medical care, pain, insomnia, medication, and eating • caring for the caregiver • having conversations about difficult topics with other family members and with health care, legal, and financial professionals Concrete to-do lists and lists of important points provide information at a glance for busy caregivers. Each chapter concludes with a list of additional resources for more information and help. Making Tough Decisions about End-of-Life Care in Dementia is a lifeline, an invaluable guide to assist in the late stage of dementia.
