Object Thinking David West

David West's book "Object Thinking", is a strange create in the real of computer books. For it is more philosophy, hand waving and prose than in any other book I've come across. Clearly, David is a well-read scholar. Indeed he has his references in order. Claims backed up by yet other scholars.

Object thinking shows
little concern about
state when objects are
discussed specifically
because a properly

designed object has very little interesting state. What state it might have should be private - behind the encapsulation barrier - except to the extent that the object is willing to make public the fact that a state change occurred.
