Research in Practice is a programme of The Dartington Hall Trust which is registered in England as a company limited by guarantee and a charity. Company No. 1485560 Charity No. 279756

Research in Practice - supporting evidence-informed practice

This formulation is generous to technologists and unkind to social scientists, but it seems accurate that RRI practice has since SPICE pragmatically treated research itself as a form of governance. There is, in our estimation, nothing wrong with this avenue of activity—imaginaries are resonant, and interrogating the evidence and actors that underpin them is, as we have noted, its own form of “de facto” governance.

What Research Means To My Practice
Allister McGowan This article is a summary of a keynote address delivered to the HECSU/HEA "Putting Research into

Practice" conference on 12th June 2007. My initial disclaimer is that I can make little credible claim to be a "researcher"

What Research Means To My Practice - HECSU

Practice research is a form of academic research which incorporates an element of practice in the methodology or research output. Rather than seeing the relationship between practice and theory as a dichotomy, as has sometimes traditionally been the case (see academia: theory and practice heading), there is a growing body of practice research academics across a number of disciplines who use practice as part of their research.

Practice research - Wikipedia

The term 'practice as research' carves out a territory for arts practice in academic environments, and refers to a broad range of research activity. Practice as research might denote a research process that leads to an arts-related output, an arts project as one element of a research process drawing on a range of methods, or a research process entirely framed as artistic practice.

Summary Current interest in evidence-based policy and practice is informed by a belief that research will improve policy and practice. This belief rests on the assumption that research is used by, and has an impact on, policy-makers and practitioners. This study, by Janie Percy-Smith of Leeds Metropolitan University, examines that assumption.
