Infinite Jest *Back Bay Books*

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, *Infinite Jest* explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, *Infinite Jest* bends every rule of fiction without sacrificing for a moment its

own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

Deep Learning *MIT Press*

An introduction to a broad range of topics in deep learning, covering mathematical and conceptual background, deep learning techniques used in industry, and research perspectives. "Written by three experts in the field, *Deep Learning* is the only comprehensive book on the subject." —Elon Musk, cochair of OpenAI; cofounder and CEO of Tesla and SpaceX *Deep learning* is a form of machine learning that enables computers to learn from experience and understand the world in terms of a hierarchy of concepts. Because the computer gathers knowledge from experience, there is no need for a human computer operator to formally specify all the knowledge that the computer needs. The hierarchy of concepts allows the computer to learn complicated concepts by building them out of simpler ones; a graph of these hierarchies would be many layers deep. This book introduces a broad range of topics in deep learning. The text offers mathematical and conceptual background, covering relevant concepts in linear algebra, probability theory and information theory, numerical computation, and machine learning. It describes deep learning techniques used by practitioners in industry, including deep feedforward networks, regularization, optimization algorithms, convolutional networks, sequence modeling, and practical methodology; and it surveys such applications as natural language processing, speech recognition, computer vision, online recommendation systems, bioinformatics, and videogames. Finally, the book offers research perspectives, covering such theoretical topics as linear factor models, autoencoders, representation learning, structured probabilistic models, Monte Carlo methods, the partition function, approximate inference, and deep generative models. *Deep Learning* can be used by undergraduate or graduate students planning careers in either industry or research, and by software engineers who want to begin using deep learning in their products or platforms. A website offers supplementary material for both readers and instructors.

He has completed his engineering degree, but struggles to speak English fluently. This makes his employers' think he is not qualified enough and refuse to give him a job. He shares space in a dingy one room apartment with three other young men, Lawrence, a nerd, Kamesh a hulk, and Madhan, who doubles up as their chef—all struggling for months to find software jobs and make ends meet. Even his roommates and friends ridicule him because of his language shortcoming. However, when a beautiful, talented young woman, Reshmi, falls in love with Gautam, his friends are

amazed and question the why and how of this relationship. Reshmi's works in the software industry, but dreams of being a choreographer. Will she fulfill her dream? Will Gautam get a job in a software company despite his stuttering English?

Challenge on the Hill of Fire *Tyndale House Publishers, Inc.*

Over 1 million sold in series! Kidnapped by Celtic Druids in 433, Patrick and Beth are headed to certain death when followers of a former Irish Slave (Saint Patrick, called Patritius in this book) save them. The cousins find themselves in the midst of a power struggle between Ireland's King Logaire, Patritius, and the leader of the Druids, Lochru. A spiritual showdown begins on the Hill of Slane when Patritius builds a fire, challenging the King's authority. Will Patritius prove to the king that the God of the Bible is the true God? Or will the king take sides with the Druids? The Emerald Isle holds many tales and legends, but this story of truth and standing strong for God is not one to be missed.

Because of Winn-Dixie *Candlewick Press*

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It's because of Winn-Dixie that Opal begins to make friends. And it's because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.

Little Grunt and the Big Egg *Penguin*

Tomie dePaola's classic (and hilarious) story of a young cave boy and his mysterious egg. Mama Grunt sends Little Grunt out to find a dozen eggs. All he can find is one huge egg. The egg hatches and out pops a baby dinosaur. Little Grunt names him George. Soon George grows too big for the Grunt family cave, and poor Little Grunt has to send him away. But when the local volcano erupts, there's only one dinosaur who can save the day!

The Savage Nation *Thomas Nelson*

Michael Savage attacks big government and liberal media bias. The son of immigrants, Savage shows how traditional American freedoms are being destroyed from the outside and undermined from within—not just our own government, but also from alien forces within our own society. Savage argues that if the price of liberty is eternal vigilance, then only a more "savage nation" will enjoy these liberties. Savage's high ratings and the rapid growth of his program prove he is in touch with the concerns of the average American.

Home of the Brave *Feiwel & Friends*

Kek comes from Africa. In America he sees snow for the first time, and feels its sting. He's never walked on ice, and he falls. He wonders if the people in this new place will be like the winter – cold and unkind. In Africa, Kek lived with his mother, father, and brother. But only he and his mother have survived, and now she's missing. Kek is on his own. Slowly, he makes friends: a girl who is in foster care; an old woman who owns a rundown farm, and a cow whose name means "family" in Kek's native language. As Kek awaits word of his mother's fate, he weathers the tough Minnesota winter by finding warmth in his new friendships, strength in his memories, and belief in his new country. Bestselling author Katherine Applegate presents a beautifully wrought novel about an immigrant's journey from hardship to

hope. *Home of the Brave* is a 2008 Bank Street - Best Children's Book of the Year.

Endling #1: The Last *HarperCollins*

First Katherine Applegate thrilled readers with the action-packed *Animorphs* series. Then she stole our hearts with the award-winning *The One and Only Ivan*. Now she takes us on an unforgettable journey in this first book of an epic middle grade series! Byx is the youngest member of her dairne pack. Believed to possess remarkable abilities, her mythical doglike species has been hunted to near extinction in the war-torn kingdom of Nedarra. After her pack is hunted down and killed, Byx fears she may be the last of her species. The Endling. So Byx sets out to find safe haven, and to see if the legends of other hidden dairnes are true. Along the way, she meets new allies—both animals and humans alike—who each have their own motivations for joining her quest. And although they begin as strangers, they become their own kind of family—one that will ultimately uncover a secret that may threaten every creature in their world. Building upon the success of her critically acclaimed novels such as *The One and Only Ivan*, *Crenshaw*, and *Wishtree*, while also returning to

her action-packed fantasy roots of Animorphs, the Endling series is Katherine Applegate at her finest. With its enthralling characters, unique setting, and gripping adventure, this series is the perfect next read for fans of Rick Riordan, Brian Jacques, and Tui T. Sutherland.
