The American Guide Series was a group of books and pamphlets published from 1937 to 1941 under the auspices of the Federal Writers' Project, a Depression-era works program in the United States. The American Guide Series books were compiled by the FWP, but printed by individual states, and contained detailed histories of each of the then 48 states of the Union with descriptions of every major city and town. In total, the project employed over 6,000 writers. The format was uniform, comprising essa

Looking at the world of wine from a 21st-century perspective, it's easy to forget that American wines (for this piece we're limiting that to U.S. wines), are relative newcomers. A few of us may still have bellbottoms in our closets from the 1970s. In wine time, that barely registers on the glorious grape-making scale when compared to wine crafting titans like France and Italy.
