The new version was heavily revised to differ

from the prior engine with a new crankshaft, cylinder heads, valve train, pistons, connecting rods, oil system, cooling system, intake, exhaust, and engine management systems. This engine is available in two different forms, one being a comfort version initially used in the Audi Q7 — the other being a sports centric high-revving engine borrowed from motorsports for the B7 RD4 Quattro and Audi R8.

Blog - What's The Best Audi Engine Ever Made ...

Audi user interfaces are as varied as their uses – ranging from inspiring websites to applications for a particular service. The aim is to create varied solutions and a well-

balanced, system-wide user experience – from the app to the vehicle. The basis for this is provided by a joint set of components, modules and animations.

User Interface / UI Introduction - Audi

New engine classification on the Audi range. Audi will now be standardising the engine descriptions on models in the range based on a car's power output. The names of the model series, from the Audi A1 to the Audi Q7, will remain the same but now a combination of two numbers will replace the various type designations previously used.

The engine management light (EML) to give it its proper name, doesn't indicate a specific fault. It could be alerting you to one or more issues, typically linked to exhaust emissions. Some are more serious than others. The light is connected to the car's main computer, called the engine control unit (ECU).

Audi Engine Management Systems - WiManual

hi i have an audi a3
sportsback (diesel)my
engine management
light comes on initially
and i lose power but if i
stop and turn off
ignition when i start up
again it stays off and i
get full power back but
after a couple of miles
it comes back on
flashing and i lose
power again so i switch
off again and it goes
back to full power also
my emission control
light stays on whats
the diagnosis please

**hi i have an audi a3

(diesel)my engine
management**

Cheers for this, but it's not the Engine Management light. My user manual says it's the Emission Control System. See below picture for symbols for EML on the C6 A6 and the explanation in the user manual. To answer your question, no, nothing unusual in my driving habits or environmental factors

in the past few days.
