The Glorious Quran Word-for-Word Translation to Facilitate Learning of Quranic Arabic *CreateSpace*

There are about 80,000 words in the Quran but the actual words are only around 2000!!! This could also be termed as one of the many miracles of the Quran. Accordingly, if a reader decides to learn only 10 new words every day, he can understand the basic message of the Quran within a period of seven months! So it is indeed very easy to understand the Quran, provided one is willing to learn it. This word-for-word translation may not be considered as an addition to the existing translations, but an attempt to equip the reader to understand the revelation directly from the Arabic text; thus it will Insha-Allah be a very useful tool for those who are willing to study the Quran and try to understand it. A beginner can bear in mind the meanings of each Arabic word

provided right below it. Since many words are repeated in the Quran, the student will find for himself that within a few months of regular study, he is indeed able to understand the Quran through the text itself. It may also be pointed out that a beginner does not have to, in the start itself, be worried about learning extensive grammar or how to speak the Arabic language. In fact, one has to develop vocabulary before learning grammar for the following reasons: * A child first learns words and then starts linking them together. We speak our mother tongue fluently without ever learning the grammatical rules. That is to say, we learn it by repeatedly listening to the words. * Learning extensive grammar before improving vocabulary is like

putting the cart before the horse. Or it is like learning different styles of swimming by moving hands in the air inside a swimming pool without water. One has to fill the swimming pool with water (i.e., increase vocabulary) and then learn to swim (i.e., to connect the words with grammatical rules).

Easy to Read & Understand the Holy Qur'an

The Easy Dictionary of the Qur'an

It is a great favor of Allah that many Muslims are nowadays more inclined to read and understand the Holy Qur'an.

Alhamdulillah, the number of such people is increasing. In order to encourage as well as help such readers of the Holy Qur'an, I compiled the difficult words of the Qur'an in the form of a book in Urdu, titled Aasaan Lughatul Qur'an (Easy Dictionary of Qur'an) and published it as a dictionary way back in 1952. In this dictionary, words were placed in order of their occurrence in the Surahs of the Qur'an, avoiding those words which were repeated. For example, the words Alif-Laam-Meem of Surah al-Baqarah come first and those of Surah aale-Imran come next, and so on.

IS THE QURAN THE WORD OF GOD?

Christian Publishing House

IS THE QURAN THE WORD OF GOD? Is Islam the One True Faith? This book covers the worldview, practices, and history of Islam and the Quran. This book is designed as an apologetic evangelistic tool for Christians, as they come across Muslims in their daily lives, as well as to inform them, as a protection against the misleading media. The non-Muslims need to hear these truths about Islam and the Quran so they can have an

accurate understanding of the Muslim mindset that leads to their actions. Islam is the second largest religion in the world. Radical Islam has taken the world by storm, and the “fake media” has genuinely misled their audience for the sake of political correctness. This book is not a dogmatic attack on Islam and the Quran but rather an uncovering of the lies and describing of the truths. The reader will be introduced to the most helpful way of viewing the evidence objectively. We will answer the question of whether the Quran is a literary miracle, as well as is there evidence that the Quran is inspired by God, along with is the Quran harmonious and consistent, and is the Quran from God or man? We will also examine Islamic teachings, discuss the need to search for the truth,

as well as identify the book of truth. We will look at how Islam views the Bible. Finally, we will take up the subjects of Shariah Law, the rise of radical Islam, Islamic eschatology, and how to effectively witness to Muslims.

Quranic Verses *CreateSpace*

You can do a lot with the verses in this little book. You can read them silently, or sing them aloud. You can learn them by heart so that you will have them when you need them. You can find joy in them while sitting in the park. And you can find comfort in them when curled up in bed. As a child, I had no Quranic book for children, and I was too young to understand many of the verses of the complete Quran, so I did not read it. However, my mom, a Muslim artist, and my dad, a Muslim psychiatrist, found a smart and creative way to get the message of Quran to my siblings and

me. My parents saw that even as children, we felt the sacredness and power of prayer. So they used the spiritual atmosphere that forms during prayer to read verses which taught Islamic family values in a way that only the Quran and prayer can teach them. These are the kind of verses we chose for this book. I still recite these verses in English when performing Salah. Based on ayah 41:3 ("A book of verses explained in detail. A Quran in Arabic, for people who know."), I think that we do not have to read the Quran exclusively in Arabic if we do not know Arabic. And also because ayah 41:3, I think that when we want to focus on a verses we should study the verse in Arabic. I certainly know how to study the Quran in Arabic, but I would not claim that I know

Quranic Arabic the same way I know English. To me, knowing Quranic Arabic means that when I hear it, or read it, I do not have to translate the words in my head or on paper to understand it. For this reason I read the message of the Quran is English. And as verses grab me and I want to delve deeper, it is then that I reach for the Arabic Quran and study the verse in Arabic. I use what I learned in Arabic to help me better understand the verse, to write commentary for my books and blog, to improve the English translations of our complete Qur'an translation, and to improve Quranic Verses for Young Souls. I first learned how to study the Quran

when I began attending the Atlanta Masjid of Al-Islam, and the Mohammed Schools. To learn more, I travelled to Damascus, Syria to study with a personal tutor (although a good word for word Quran website like corpus.quran.com along with a comparative Quran translation website like islamawakened.com would have done the job). After two years in Syria, I taught translation around the world, and here in the United States. I later helped to publish an English translation of the Quran. I hope you enjoy the book and I look forward to hearing some of you recite and sing the verses in English.-A.L. Bilal Muhammad (Atlanta, GA Dec. 2014)
