Abstract. The Orem Self-Care Deficit Theory offers a framework for hospice nursing care. In this article, the six core concepts of Orem's theory, self-care, self-care agency, and nursing system, are discussed as they relate to hospice care. These concepts of Orem's nursing theory are valuable to nurses in guiding palliative care.

Orem's theory in practice. Hospice nursing care

As opposed to direct medical intervention, hospice and palliative care focus on the comfort of the patient while providing compassionate attentiveness. Within the interdisciplinary hospice team, nurses play a vital role as they are charged with providing

care on a regular basis and interact with patients and families regularly.
