Exercise and mental health

Learning Mental Fitness Training Learning

Mental Fitness is our first digital learning course designed to support schools to understand, learn and implement positive behaviour strategies to support the mental health and wellbeing of your employees and the children and young people they work with. The course aims to encourage individuals to treat mental fitness with the same level of care and appreciation as we do our physical fitness, with regular training exercises.

Mental Fitness training - Team Teach - Team Teach

About the course The four modules - developed in partnership with 1st4sport and UK

The Mental Strength Training resource is structured around three core areas: dealing with disappointment, coping with stress and nerves, and maintaining focus during competitions. Course participants also learn about pre-performance techniques, cue words that they can use, and

gain access to downloadable resources for use anywhere.

Resilience Training: How to Master Mental Toughness and Thrive

For Mental Fitness, we have gone totally virtual! With much thought, planning and consideration we have plotted our course for the COVID-19 era and the future looks amazing. Realizing that our programming must remain fun and engaging because students will be online the whole day while at school, we have an awesome lineup of virtual enrichment courses for our after-school year 2020-2021.

Mental Fitness 21st Century Learning - Home

In partnership with Lloyds Banking Group, in 2017 we created a series of online training to increase awareness of mental health and wellbeing in the workplace. We developed e-learning modules which would enable mental health information to be available to all staff and to support managers in feeling confident having conversations with staff and customers about mental health.

Mental capacity is the ability to make a specific decision at the time it needs to be made, with help if necessary. It has been estimated that over two million adults and

young people may lack mental capacity at any time (due to dementia, acquired brain injuries, learning disabilities, acute delirium and other conditions).
