Flags In The Dust William

Flags in the Dust is a novel by the American author William Faulkner, completed in 1927. His publisher heavily edited the manuscript with Faulkner's reluctant consent, removing about 40,000 words in the process. That

version was published as Sartoris in 1929. Faulkner's original manuscript of Flags in the Dust was published in 1973, and Sartoris was subsequently taken out of print.

Flags in the Dust - Wikipedia

What became Sartoris, the truncated - some might say butchered - version of Flags in the Dust (restored at the behest of his granddaughter in 1973), Faulkner's third novel left him convinced he had enough stories to tell and enough people to tell them. Flags is a big novel.

"Flags in the Dust" was Faulkner's third novel, the last of his journeyman pieces. In a sense it forms a bridge. It harks back to the concerns of his first two novels, particularly relations between men and women, but, as well as focusing on a theme that was to shape much of his later output – the intertwining of legacy and destiny ...

Flags in the Dust is the first act of that epic saga known as Yoknatawpha county. Each scene is fully envisioned. Every character matters and is fully portrayed. Flags In The Dust by Faulkner, William - Amazon.ae

"Flags in the Dust" is the first of Faulkner's Yoknapatawpha novels; it is a must-read for all potential Faulkner fans.

It's not his best, by any means--the storyline is at times skittish (perhaps owing to the fact that "Flags" is the uncut, unedited version of what was originally published under the title "Sartoris"), and the characterizations are neither as deep nor as unique as those found in his later works.
