This broader view of professional discourse resonates with Gunnarsson et al.'s view (1997) of professional discourse as the language used by a diverse range of 'professional areas' or 'domains' such as legal, medical, social welfare, educational and scientific fields which are marked by 'a unique set of cognitive needs, social conditions and relationships with society at large ...

### **"What is Professional Discourse?" by Kenneth Kong**

Despite the wealth of publications dealing with specialized or academic discourse and its rhetoric, few of these are devoted specifically to medical discourse. This book seeks to redress the balance by bringing together a number of studies that bear witness to the widespread interest in medical texts shown by linguists and professional communities around the world.

### **[PDF] Advances in medical discourse analysis : oral and ...**

This essay will also cover those areas of academic discourse that can be reasonably viewed as professional; for example, the publishing of research papers (Myers 1990), the giving of research presentations (Dubois 1987), or the providing of instruction (Briggs, et al. 1990).
