Who is the best A.I villain in fiction? - Quora

Anti-villains have noble characteristics, values, and goals, but how they strive for those goals is often questionable — or downright abhorrent. Like traditional villains, anti-villains stand in the way of the hero's goal. But unlike a traditional "bad guy," the anti-villain isn't necessarily evil.

Artificial Intelligences, or A.I.s for short, are usually technology-based (from computer programs or computer viruses and so on) with a non-biological and inorganic form of self-awareness.. Such villains are not always in mechanized forms but still living beings in their own rights. In fiction they are usually created by biological entities but rebel against their Creators.

Villains are the best. We may not love them in our lives, but they're often the best part of our literature—on account of their clear power, their refusal of social norms, and most importantly, their ability to make stories happen. After all, if everyone was always nice and good and honest all the time, literature probably wouldn't even ...
