Beyond Loss Dementia Identity Personhood

Abstract. The goal of this collection of interdisciplinary essays by internationally established scholars is to see beyond the loss in dementia to the transformation and change, often in collaboration with others, of both personhood and identity. The collection identifies a number of new empirical, theoretical, and methodological areas that will be central to both research on and clinical practice concerned with age-related dementia in the coming years.

Beyond Loss: Dementia, Identity, Personhood - Oxford ...

It explores views of dementia that go beyond the idea of loss, and rather envisions it as multilayered transformation and change of personhood and identity, and as development that mostly is socially shared with others.
