The Gods of Eden by William Bramley is a relatively old book written in 1989. It is interesting to note that his purpose was to search the origins of human warfare and not to write this kind of book. Something that is supported by the fact that he hasn't written anything else since then. I read the book about 8 months ago.

The Gods of Eden. William Bramley. They Came To Earth Millions Of Years Ago To Spread The Poison Of Hatred, War And Catastrophe... They Are With Us Still... The Gods of Eden. Have alien "gods" been manipulating humans into warring with each throughout human history? Author: William Bramley. Reviewed by Theresa Welsh. I first read The Gods of Eden some years back (the book was first published in 1989) and it made an impression on me as being a bit different from the other alternate history works I had read. At various times over the years I have picked it up and reread a chapter here or there.

Gods of Eden by William Bramley - WHALE

Mr Bramley makes his disdain of God and the Lord Jesus very clear in this fictional tale. His hypothesis is misguided at best. What he doesn't realize is that there is some truth in the beings that had charge over mankind at the beginning, but is was not aliens, but rather (and the Bible supports this) these beings were spiritual rulers of the Divine Council that God Himself gave authority over the physical creation.

The Gods of Eden Q&A - William Bramley, Author

Here is some information and comment relating to the thesis put forward by William Bramley in The Gods of Eden that the basic cause of war, genocide and conflict in history is not a viciousness innate in the human species (or even in the male part of it) but rather is the less-than-benevolent interference in human affairs by extraterrestrials (members of a race which had its origin other than on Earth, the Anunnaki).

William Bramley - Wikipedia

Bramley contends in his book, The Gods of Eden, that aliens, via their elite and ultra-secret Brotherhood organizations, are the source of all human conflict. If one really thinks about this, it sounds suspiciously like that old refrain children use when they have done something bad- "the devil made me do it!".
