Blue Moon by The Little Big Band on Amazon Music - Amazon ...

The idea of a Blue Moon being the extra full Moon in a season (or when there were 13 in a year) was widely used in 19th and early 20th center Farmers Almanacs and the more modern version seems to have come from an article written in the 1930s that misinterpreted the Farmers Almanac definition. The article was titled "Once in a Blue Moon" and from that point on the term became part of the ...

Blue Moon Calendar | When is the next Blue Moon?

A blue moon is a real astronomical phenomenon when a second full moon appears. When that actually happens depends on who you ask. The modern definition simply asserts that it's when two full moons occur in the same calendar month. The original definition, however, is a little more complicated. About every 2.7 years, there are four full moons in a season instead of three - the third moon, not ...
