Transitions to School - International Research, Policy and ...

Although pupils’ pre-transition worries focus on social concerns, other research finds that academic challenges present themselves in the first years of secondary school. A 2019 survey of 500 teachers highlighted a lack of continuity in the curriculum with only 21 per cent of secondary and 12 per cent of primary teachers ‘agreeing’ that there is a fluid transition between Maths curricula.

Research: How to make the best of school transitions

Abstract This chapter draws from the theoretical foundations and some key results of a longitudinal study of transitions which began with the study cohort’s transition from early childhood settings into school in one local authority in Scotland.

Thinking about transitions: one framework or many ...

A successful transition involved functioning well in two areas: 1) being academically and behaviourally involved in school and 2) feeling a sense of belonging to school. These two domains can be measured by primary-school teacher reports on a 4-item questionnaire called the Secondary Transition Adjustment Research Tool; ‘START.’

Transitions to School - International Research, Policy and ...

Abstract. A systematic literature review of international empirical research was conducted to understand the impact of primary–secondary transition on children’s experiences, outcomes and protective/risk factors. The review covered the period 2008–2018 and met the gap in previous literature reviews. Using the EPPI-Centre approach, authors included 96 studies in the review.
