Introduction to Human Nutrition | The Nutrition Society

Human Nutrition - BSc (Hons) Why study this course? If you're passionate about improving human health through better nutrition and disease prevention, then this course, accredited by the Association for Nutrition, will give you an excellent grounding in both scientific and applied public health nutrition. **Human Nutrition - BSc (Hons) - London Metropolitan University** Nutrients are substances required by the body to perform its basic functions. Nutrients must be obtained from our diet, since the human body does not synthesize or produce them. Nutrients have one or more of three basic functions: they provide energy, contribute to body structure, and/or regulate chemical processes in the body.

Introduction - Human Nutrition

Nutrition is a science-based discipline, so all the material included is backed up by rigorous scientific research, but it is presented in a clear, easy-to-understand fashion without requiring a background in science.
