25 Great Sentences and How They Got That Way *W. W. Norton & Company*

A guide to the artistry that lifts a

sentence from good to great. We all know the basic structure of a sentence: a subject/verb pair expressing a complete thought and ending with proper punctuation. But that classroom definition doesn't begin to describe the ways in which these elements can combine to resonate with us as we read, to make us stop and think, laugh or cry. In *25 Great Sentences and How They Got That Way*, master teacher Geraldine Woods unpacks powerful examples of what she instead prefers to define as "the smallest element differentiating one writer's style from another's, a literary universe in a grain of sand." And that universe is very large: the hundreds of memorable sentences gathered here come from sources as wide-ranging as Edith Wharton and Yogi Berra, Toni

Morrison and Yoda, T. S. Eliot and Groucho Marx. Culled from fiction, nonfiction, drama, poetry, song lyrics, speeches, and even ads, these exemplary sentences are celebrated for the distinctive features—whether of structure, diction, connection/comparison, sound, or extremes—that underlie their beauty, resonance, and creativity. With dry humor and an infectious enjoyment that makes her own sentences a pleasure to read, Woods shows us the craft that goes into the construction of a memorable sentence. Each chapter finishes with an enticing array of exercises for those who want to test their skill at a particular one of the featured twenty-five techniques, such as onomatopoeia (in the Sound section) or

parallelism (in the Structure section). This is a book that will be treasured by word nerds and language enthusiasts, writers who want to hone their craft, literature lovers, and readers of everything from song lyrics and speeches to novels and poetry.

Sentence.: A Period-to-Period Guide to Building Better Readers and Writers *W. W. Norton & Company*

Sometimes it's better to start small, with a sentence. Every English teacher has experienced it: students staring at an empty page, seemingly paralyzed by a writing assignment. When this happens, it may be time to back off from the Big

Idea approach to the art of reading and writing, and zero in on a single sentence. In this book, a master teacher offers a complete guide to a sentence-level approach. Helping students recognize the techniques that make sentences great is the first step, and there are plenty of examples here from YA novels, TV shows, and song lyrics as well as the novels, poetry, and nonfiction pieces that form the canon of middle and high school reading lists. Lesson plans include activities to introduce the featured element of style; questions to guide students in their analysis; and writing prompts and activities to spark students' interest and creativity. With this Little-to-Big strategy, students move quickly from analysis of the words between two periods to the universe of ideas of which

that sentence is a part. They may even be eager to write their own
