At the Edge of the Orchard

A Novel *Penguin*

“With impeccable research and flawless prose, Chevalier perfectly conjures the grandeur of the pristine Wild West . . . and the everyday adventurers—male and female—who were bold enough or foolish enough to be drawn to the unknown. She crafts for us an excellent experience.” —USA Today From internationally bestselling author Tracy Chevalier, author of A Single Thread, comes a riveting drama of a pioneer family on the American frontier 1838: James and Sadie Goodenough have settled where their wagon got stuck - in the muddy, stagnant swamps of northwest Ohio. They and their five children work relentlessly to tame their patch of land, buying saplings from a local tree man known as John Appleseed so they can cultivate the fifty apple trees required to stake their claim on the property. But the orchard they plant sows the seeds of a long battle. James loves the apples, reminders of an easier life back in Connecticut; while Sadie prefers the applejack they make, an alcoholic refuge from brutal frontier life. 1853: Their youngest child Robert is wandering through Gold Rush California. Restless and haunted by the broken family he left behind, he has made his way alone across the country. In the redwood and giant sequoia groves he finds some solace, collecting seeds for a naturalist who sells plants from the new world to the gardeners of England. But you can run only so far, even in America, and when Robert’s past makes an unexpected appearance he must decide whether to strike out again or stake his own claim to a home at last. Chevalier tells a fierce, beautifully crafted story in At the Edge of the Orchard, her most graceful and richly imagined work yet.

Stories of the Unexpected, Slightly Odd, and Strangely Wonderful in Art History *Penguin*

A wildly entertaining and surprisingly educational dive into art history as you've never seen it before, from the host of the beloved ArtCurious podcast We're all familiar with the works of Claude Monet, thanks in no small part to the ubiquitous reproductions of his water lilies on umbrellas, handbags, scarves, and dorm-room posters. But did you also know that Monet and his cohort were trailblazing rebels whose works were originally deemed unbelievably ugly and vulgar? And while you probably know the tale of Vincent van Gogh's suicide, you may not be aware that there's pretty compelling evidence that the artist didn't die by his own hand but was accidentally killed--or even murdered. Or how about the fact that one of Andy Warhol's most enduring legacies involves Caroline Kennedy's moldy birthday cake and a collection of toenail clippings? ArtCurious is a colorful look at the world of art history, revealing some of the strangest, funniest, and most fascinating stories behind the world's great artists and masterpieces. Through these and other incredible, weird, and wonderful tales, ArtCurious presents an engaging look at why art history is, and continues to be, a riveting and relevant world to explore.

The Music Lesson

A Novel *Crown*

"She's beautiful," writes Irish-American art historian Patricia Dolan in the first of the journal entries that form The Music Lesson. "I look at my face in the mirror and it seems far away, less real than hers." The woman she describes is the subject of the stolen Vermeer of the novel's title. Patricia is alone with this exquisite painting in a remote Irish cottage by the sea. How she arrived in such an unlikely circumstance is one part of the story Patricia tells us: about her father, a policeman who raised her to believe deeply in the cause of a united Ireland; the art history career that has sustained her since the numbing loss of her daughter; and the arrival of Mickey O'Driscoll, her dangerously charming, young Irish cousin, which has led to her involvement in this high-stakes crime. How her sublime vigil becomes a tale of loss, regret, and transformation is the rest of her story. The silent woman in the priceless painting becomes, for Patricia, a tabula rasa, a presence that at different moments seems to judge, to approve, or to offer wisdom. As Patricia immerses herself in the turbulent passions of her Irish heritage and ponders her aesthetic fidelity to the serene and understated pleasures of Dutch art, she discovers, in her silent communion, a growing awareness of all that has been hidden beneath the surface of her own life. And she discovers that she possesses the knowledge of what she must do to preserve the things she values most.

Traces of Vermeer *Oxford University Press*

Johannes Vermeer's luminous paintings are loved and admired around the world, yet we do not understand how they were made. We see sunlit spaces; the glimmer of satin, silver, and linen; we see the softness of a hand on a lute string or letter. We recognise the distilled impression of a moment of time; and we feel it to be real. We might hope for some answers from the experts, but they are confounded too. Even with the modern technology available, they do not know why there is an absence of any preliminary drawing; why there are shifts in focus; and why his pictures are unusually blurred. Some wonder if he might possibly have used a camera obscura to capture what he saw before him. The few traces Vermeer has left behind tell us little: there are no letters or diaries; and no reports of him at work. Jane Jelley has taken a new path in this detective story. A painter herself, she has worked with the materials of his time: the cochineal insect and lapis lazuli; the sheep bones, soot, earth and rust. She shows us how painters made their pictures layer by layer; she investigates old secrets; and hears travellers' tales. She explores how Vermeer could have used a lens in the creation of his masterpieces. The clues were there all along. After all this time, now we can unlock the studio door, and catch a glimpse of Vermeer inside, painting light.

Girl with a Pearl Earring

The Taming of the Shrew

The Hungry Ocean

A Swordboat Captain's Journey *Hachette Books*

The term fisherwoman does not exactly roll trippingly off the tongue, and Linda Greenlaw, the world's only female swordfish boat captain, isn't flattered when people insist on calling her one. "I am a woman. I am a fisherman. . . . I am not a fisherwoman, fisherlady, or fishergirl. If anything else, I am a thirty-seven-year-old tomboy. It's a word I have never outgrown." Greenlaw also happens to be one of the most successful fishermen in the Grand Banks commercial fleet, though until the publication of Sebastian Junger's The Perfect Storm, "nobody cared." Greenlaw's boat, the Hannah Boden, was the sister ship to the doomed Andrea Gail, which disappeared in the mother of all storms in 1991 and became the focus of Junger's book. The Hungry Ocean, Greenlaw's account of a monthlong swordfishing trip over 1,000 nautical miles out to sea, tells the story of what happens when things go right--proving, in the process, that every successful voyage is a study in narrowly averted disaster. There is the weather, the constant danger of mechanical failure, the perils of controlling five sleep-, women-, and booze-deprived young fishermen in close quarters, not to mention the threat of a bad fishing run: "If we don't catch fish, we don't get paid, period. In short, there is no labor union." Greenlaw's straightforward, uncluttered prose underscores the qualities that make her a good captain, regardless of gender: fairness, physical and mental endurance, obsessive attention to

detail. But, ultimately, Greenlaw proves that the love of fishing--in all of its grueling, isolating, suspenseful glory--is a matter of the heart and blood, not the mind. "I knew that the ocean had stories to tell me, all I needed to do was listen." --Svenja Soldovieri

Leonardo's Swans

A Novel *Anchor*

Isabelle d'Este, daughter of the Duke of Ferrara, born into privilege and the political and artistic turbulence of Renaissance Italy, is a stunning black-eyed blond and an art lover and collector. Worldly and ambitious, she has never envied her less attractive sister, the spirited but naïve Beatrice, until, by a quirk of fate, Beatrice is betrothed to the future Duke of Milan. Although he is more than twice their age, openly lives with his mistress, and is reputedly trying to eliminate the current duke by nefarious means, Ludovico Sforza is Isabella's match in intellect and passion for all things of beauty. Only he would allow her to fulfill her destiny: to reign over one of the world's most powerful and enlightened realms and be immortalized in oil by the genius Leonardo da Vinci. Isabella vows that she will not rest until she wins her true fate, and the two sisters compete for supremacy in the illustrious courts of Europe. A haunting novel of rivalry, love, and betrayal that transports you back to Renaissance Italy, Leonardo's Swans will have you dashing to the works of the great master—not for clues to a mystery but to contemplate the secrets of the human heart.

The Birth of Venus

A Novel *Random House*

Alessandra Cecchi is not quite fifteen when her father, a prosperous cloth merchant, brings a young painter back from northern Europe to decorate the chapel walls in the family's Florentine palazzo. A child of the Renaissance, with a precocious mind and a talent for drawing, Alessandra is intoxicated by the painter's abilities. But their burgeoning relationship is interrupted when Alessandra's parents arrange her marriage to a wealthy, much older man. Meanwhile, Florence is changing, increasingly subject to the growing suppression imposed by the fundamentalist monk Savonarola, who is seizing religious and political control. Alessandra and her native city are caught between the Medici state, with its love of luxury, learning, and dazzling art, and the hellfire preaching and increasing violence of Savonarola's reactionary followers. Played out against this turbulent backdrop, Alessandra's married life is a misery, except for the surprising freedom it allows her to pursue her powerful attraction to the young painter and his art. The Birth of Venus is a tour de force, the first historical novel from one of Britain's most innovative writers of literary suspense. It brings alive the history of Florence at its most dramatic period, telling a compulsively absorbing story of love, art, religion, and power through the passionate voice of Alessandra, a heroine with the same vibrancy of spirit as her beloved city.
