Clinical Teaching Strategies for Nursing: Second Edition ...

In terms of nursing education, concept mapping is a great strategy for teaching clinical care planning. Concept mapping of clinical problems allows students to see interrelationships in clinical data and grasp a patient's total clinical picture. In this case, students do not need to copy the care plan from the textbook any more.

Toolbox of teaching strategies in nurse education ...

The following five teaching strategies (flipped classroom, simulation, case studies, reflective journaling and group reflection) moves away from this approach and allows learners and educators to build a partnership in knowledge transmission and engagement through critical dialogue, guiding and translating theory into practice, learner specific goals and education with the use of caring, comedy, creativity to strengthen and reinforce the learning process (Story et al., 2010).
