 get the spoken word to
 sound great.

Home - Behind The Mixer

There are a few
 possible ways to deal
 with this. To create a
 separate mix, there are
 two options. First, you
 could have the live

audio engineer at your church create the mix with your current sound board by mixing to an aux. For better results, you should have another person mix the live stream in an acoustically isolated location.

10 TIPS FOR BETTER CHURCH SOUND - YouTube

The mixer is the foundation of any church sound system. Of course, you need a robust speaker system, monitoring, and cabling, but the mixer is an integral part of pulling all of these

tools together and creating an acoustically pleasing experience in worship. There are a lot of great sound consoles available.

The best digital mixer for church sound — Churchfront with ...

The QSC Touchmix 8 is one of the most compact and hard wearing audio mixers available today, and by far one of the best mixers for church sound systems that require a small amount of channels. You have 8 channels to play with that can accommodate microphones and line level instruments such as keyboards and guitars as well as a selection of AUX connections which are perfect for CD players and MP3 players.

How To Choose The Best Mixer For Church Sound Systems

When you're creating your perfect church sound system, you'll undoubtedly need to think about how many channels you need to be able to run through your PA system. No doubt, you'll need to mic up full drum kits, amplifiers, and singers. So, we'll focus on mixers with 16 channels and more, which will give you the best bang for your buck. These mixers will allow you to run multiple vocals and instruments at the same time, providing you with a great deal of control over your sound.

Church Audio 101 and Beyond - Behind

The Mixer

Mix Tip: See if you can get a group or auxiliary mix from the live sound console that is not subject to the same live room mixing levels (Pre Fader Level). Note: be aware that your live sound operator may not be able to give adequate attention to the levels of this mix since he/she is primarily focused on delivering great sound for the local congregation in the room.

Ready Your Church Audio for Live Streaming

Audio mixing tips and tricks. 1. Consider building your mix off of a template. Consider all of the instruments and singers in the worship band. Consider a template of presets with the following in mind; Engage the HPF (High Pass Filter) for channels which usually benefit from a HPF. What channels would likely benefit from compression?
