Howard Thurman and the Disinherited

A Religious Biography *Wm. B. Eerdmans Publishing*

Teacher. Minister. Theologian. Writer. Mystic. Activist. No single label can capture the multiplicity of Howard Thurman's life, but his influence is written all over the most significant aspects of the Civil Rights movement. In 1936, he visited Mahatma Gandhi in India and subsequently brought Gandhi's concept of nonviolent resistance across the globe to the United States. Later, through his book *Jesus and the Disinherited*, he foresaw a theology of American liberation based on the life of Jesus as a dispossessed Jew under Roman rule. Paul Harvey's biography of Thurman speaks to the manifold ways this mystic theologian and social activist sought to transform the world to better reflect "that which is God in us," despite growing up in the South during the ugliest years of Jim Crow. After founding one of the first intentionally interracial churches in the country—The Church for the Fellowship of All Peoples in San Francisco—he shifted into a mentorship role with Martin Luther King Jr. and other

Civil Rights leaders. He advised them to incorporate more inward seeking and rest into their activism, while also thinking of their struggle for racial equality in a more cosmopolitan, universalist manner. Few historical figures represent such diverse parts of the American religious tradition as Howard Thurman did. By telling the story of his religious lives, Paul Harvey gives the reader a window into many of the main currents of twentieth-century American religious expression.

With Head and Heart

The Autobiography of Howard Thurman *HMH*

"One of the great religious leaders of [the twentieth] century" tells his story of growing up under segregation and finding his calling as a minister (Atlanta Journal-Constitution). Howard Thurman was a singular man—a minister, philosopher, and educator whose vitality and vision touched the lives of countless people of all races, faiths, and cultures. In his moving autobiography, Dr. Thurman tells of his lonely years growing up in a segregated town, where the nurturing black community and a profound interest in nature provided his deepest solace. That same young man would go on to become one of the great

spiritual leaders of our time. Over the course of his extraordinary career, Thurman served as a dean of Rankin Chapel and professor of theology at Howard University; minister of the interdenominational Fellowship Church in San Francisco, of which he was a cofounder; dean of Marsh Chapel of Boston University; and honorary canon of the Cathedral Church of St. John the Divine in New York. He was deeply engaged in work with the Howard Thurman Educational Trust until his death in 1981. This is Thurman's story in his own inspiring words. "Inspiring . . . a tale of trial and triumph. It should be read by everyone." —Vernon Jordan, president of the National Urban League "Now we can peer with delight into the soul of this master and grasp some of the sense of religious genius which has been the source of all that blessed teaching." —Rabbi Joseph B. Glaser, former executive vice president, Central Conference of American Rabbis "The reader's admiration for this educator and spiritual healer grows naturally as the story unfolds." —The Atlanta Journal-Constitution "Thurman leads his readers . . . with an air of gracious ease and imperturbable dignity." —Kirkus Reviews

This lyrical collection of select published and unpublished works traces his struggle with the particular manifestations of violence and hatred that mark the twentieth century. His words remind us all that out of religious faith emerges social responsibility and the power to transform lives.

The Search for Common Ground

An Inquiry Into the Basis of Man's Experience of Community

Howard Thurman's book on community. In this book, Thurman calls us at once to affirm our own identity, but then to look behind that identity to that which we have in common with all life.

Temptations of Jesus *Ravenio Books*

Here are five sermons preached in Marsh Chapel during the month of July, in the year of our Lord, 1962. They are a faithful transcription of the spoken word from tape recordings made for rebroadcasting to a radio audience in the evening of the Sunday on which each was delivered. The minimum of editing has been done in order that the clarity of expression might be maintained despite the change of the medium from the spoken to the written word. These are five sermons on certain dilemmas of Jesus, growing out of temptations which he faced. They are not five lectures. They are not five critical essays. They are five sermons, having as their fundamental purpose the illumination of the imagination, the stirring of the heart, and the challenge to live life meaningfully. We see the Master as he struggled to find a way which will be for him The Way in which he can walk in utter harmony with the Will of his Father and the purpose of life. This too is what we seek, and in his answer we may find precious clues for ourselves. He was tempted as all men are tempted and his example leaves the whole world in his debt. The publishing of this little book in a special, limited first edition, designed and printed by Lawton Kennedy of San Francisco, is the fulfillment of a long cherished dream which we have had for many years, since this artist-publisher began printing the annual Christmas and other special occasion cards which I have written for the Church for the Fellowship of All Peoples in San Francisco, and later for Marsh Chapel in Boston. With customary grace, Eugene Exman, of Harper and Brothers, has granted me temporary release from my contract in order to make possible a unique Lawton Kennedy production. It so

happens that this was the last sermon-series which I presented in Marsh Chapel, marking the end of a nine-year period of active responsibility for that part of the religious life of Boston University, as expressed in the preaching and ministry of Marsh Chapel, and the beginning of a two-year leave for an extended ministry in the service of the University, to other areas of the United States and countries abroad. The material presented here was later used as the basis of the Theme Devotional Addresses at the meeting of the 20th General Council of the United Church of Canada, including the Congregational, Methodist, and Presbyterian denominations, held at the Metropolitan United Church, London, Ontario, September twelfth through the nineteenth. Significantly, the addresses delivered before this inspiring body marked the first major assignment in the wider ministry of the next two years. Howard Thurman Boston University September, 1962

This work argues that the U.S. Civil Rights movement was part of a global wave of anti-colonial and independence movements. It reveals the international roots of the U.S. Civil Rights movement in the 1930s through the 1950s, tracing the links between Gandhi and King. -- Provided by the publisher.

Good News for the Disinherited**Howard Thurman on Jesus of Nazareth and Human Liberation** *University Press of America*

This book examines the meaning of Jesus' humanity, his divinity, and the special significance of his teachings to the poor and the oppressed. The discussion of these issues is shaped around the theology of Howard Thurman (1900-1981), one of the greatest religious thinkers of his generation. It is the only such work which thoroughly defines Thurman's significance as an African American folk theologian who both adopts and transcends his religious heritage. Thurman is depicted as a 'folk theologian' who both perpetuates and transforms African American folk religion. The core of Thurman's theology revolves around his reinterpretation of the meaning of the concept of 'humanity' and 'divinity'. The search for a 'Black Christ', black messiah, has been a prominent feature of African American religious thought in the past two centuries. This book addresses Thurman's treatment of Jesus within the ebb-and-flow of the debates in this area. This is the first work devoted exclusively to the subject of Christology as the center of Thurman's theology.

Dear White Christians

For Those Still Longing for Racial Reconciliation *Wm. B. Eerdmans Publishing*

"If reconciliation is the takeaway point for the civil rights story we usually tell, then the takeaway point for the more complex, more truthful civil rights story contained in *Dear White Christians* is reparations." — from the preface to the second edition With the troubling and painful events of the last several years—from the killing of numerous unarmed Black men and women at the hands of police to the rallying of white supremacists in Charlottesville—it is

clearer than ever that the reconciliation paradigm, long favored by white Christians, has failed to heal the deep racial wounds in the church and American society. In this provocative book, originally published in 2014, Jennifer Harvey argues for a radical shift away from the well-meaning but feeble longing for reconciliation toward a robustly biblical call for reparations. Now in its second edition—with a new preface addressing the explosive changes in American culture and politics since 2014, as well as an appendix that explores what a reparations paradigm can actually look like—*Dear White Christians* calls justice-committed Christians to do the gospel-inspired work of opposing racist social structures around them. Harvey's message is historically and scripturally rooted, making it ideal for facilitating the difficult but important discussions about race that are so desperately needed in churches and faith-centered classrooms across the country.

Against the Hounds of Hell

A Life of Howard Thurman *University*

of Virginia Press

An inspiration to Martin Luther King Jr., James Farmer, and other leaders of the civil rights movement, Howard Thurman was a crucial figure in the advancement of African Americans in the 20th century. Until now, however, he has not received the full biographical treatment he deserves. In *Against the Hounds of Hell*, Thurman scholar Peter Eisenstadt offers a fascinating exploration of the life of this great religious thinker and activist. The first significant African American pacifist, Thurman was the first African American to meet Mahatma Gandhi. An early and outspoken feminist, environmentalist, and advocate for social and economic justice, he was one of the first and most insistent mid-20th century proponents of racial integration. At the same time, he was a key figure in the emergence of mysticism and "spirituality" as an alternative to formal religion. *Against the Hounds of Hell* will at last establish this multifaceted historical personage as a leading figure of 20th century American politics, religion, and culture.

Disciplines of the Spirit

The quiet radiance and certainty that illuminated Howard Thurman's faith shine like a beacon through every page of 'Disciplines of the Spirit'. Dr. Thurman explores five major dimensions of the spiritual life: commitment, growing in wisdom and stature, suffering, prayer, and reconciliation. (Back cover).

Blue Note Preaching in a Post-Soul World**Finding Hope in an Age of Despair**

Westminster John Knox Press

"Can preaching recover a Blues sensibility and dare speak with authority

in the midst of tragedy? America is living stormy Monday, but the pulpit is preaching happy Sunday. The world is experiencing the Blues, and pulpiteers are dispensing excessive doses of non-prescribed prosaic sermons with severe ecclesiastical and theological side effects." —from chapter 1 Uniquely gifted preacher Otis Moss III helps preachers effectively communicate hope in a desperate and difficult world in this new work based on his 2014 Yale Lyman Beecher Lectures. Moss challenges preachers to preach with a "Blue Note sensibility," which speaks directly to the tragedies faced by their congregants without falling into despair. He then offers four powerful sermons that illustrate his Blue Note preaching style. In them, Moss beautifully and passionately brings to life biblical characters that speak to today's pressing issues, including race discrimination and police brutality, while maintaining a strong message of hope. Moss shows how preachers can teach their congregations to resist letting the darkness find its way into them and, instead, learn to dance in the dark.

The Mood of Christmas

These brief meditations incorporate the hope, celebration, love, compassion, and blessing of the Christmas season and encourage us to find them throughout the year. Features include the poem, "The Work of Christmas," "When the song of the angels is stilled, When the star in the sky is gone...The Work of Christmas begins..."; and "I Will Light Candles This Christmas," "Candles of joy, despite all sadness, Candles of hope where despair keeps watch. Candles of courage for fears ever present, Candles of peace for tempest-tossed days..." "I know that the experiences of unity in

human relations are more compelling than the concepts, the fears, the prejudices, which divide. Despite the tendency to feel my race superior, my nation the greatest nation, my faith the true faith, I must beat down the boundaries of my exclusiveness until my sense of separateness is completely enveloped in a sense of fellowship. I will light the candle of fellowship this Christmas, a candle that must burn all the year long." - *The Mood of Christmas & Other Celebrations* by Howard Thurman

Centuries of being oppressed might instill hatred in the hearts of those who endure such injustice, pushing them towards potential evil.

After Whiteness

An Education in Belonging Wm. B. Eerdmans Publishing

On forming people who form communion Theological education has always been about formation: first of people, then of communities, then of the world. If we continue to promote whiteness and its related ideas of masculinity and individualism in our educational work, it will remain diseased and thwart our efforts to heal the church and the world. But if theological education aims to form people who can gather others together through border-crossing pluralism and God-drenched communion, we can begin to cultivate the radical belonging that is at the heart of God's transformative work. In this inaugural volume of the *Theological Education between the Times* series, Willie James Jennings shares the insights gained from his extensive experience in theological education, most notably as the dean of a major university's divinity school—where he remains one of the only African Americans to have ever served in that role. He reflects on the distortions hidden in plain sight within the world of education but holds onto abundant hope for what theological education can be

and how it can position itself at the front of a massive cultural shift away from white, Western cultural hegemony. This must happen through the formation of what Jennings calls erotic souls within ourselves—erotic in the sense that denotes the power and energy of authentic connection with God and our fellow human beings. After Whiteness is for anyone who has ever questioned why theological education still matters. It is a call for Christian intellectuals to exchange isolation for intimacy and embrace their place in the crowd—just like the crowd that followed Jesus and experienced his miracles. It is part memoir, part decolonial analysis, and part poetry—a multimodal discourse that deliberately transgresses boundaries, as Jennings hopes theological education will do, too.

Wright Edelman, Parker Palmer, and Barbara Brown Taylor invite the reader into creative engagement with Thurman's writings. One Blood

Parting Words to the Church on Race and Love *Moody Publishers*

Dr. Perkins' final manifesto on race, faith, and reconciliation We are living in historic times. Not since the civil rights movement of the 60s has our country been this vigorously engaged in the reconciliation conversation. There is a great opportunity right now for culture to change, to be a more perfect union. However, it cannot be done without the church, because the faith of the people is more powerful than any law government can enact. The church is the heart and moral compass of a nation. To turn a country away from God, you must sideline the church. To turn a nation to God, the church must turn first. Racism won't end in America until the church is reconciled first. Then—and only then—can it spiritually and morally lead the way. Dr. John M. Perkins is a leading civil rights activist today. He grew up in a Mississippi sharecropping family, was an early pioneer of the civil rights movement, and has dedicated his life to the cause of racial equality. In this, his crowning work, Dr. Perkins speaks honestly to the church about

reconciliation, discipleship, and justice... and what it really takes to live out biblical reconciliation. He offers a call to repentance to both the white church and the black church. He explains how band-aid approaches of the past won't do. And while applauding these starter efforts, he holds that true reconciliation won't happen until we get more intentional and relational. True friendships must happen, and on every level. This will take the whole church, not just the pastors and staff. The racial reconciliation of our churches and nation won't be done with big campaigns or through mass media. It will come one loving, sacrificial relationship at a time. The gospel and all that it encompasses has always traveled best relationally. We have much to learn from each other and each have unique poverties that can only be filled by one another. The way forward is to become "wounded healers" who bandage each other up as we discover what the family of God really looks like. Real relationships, sacrificial love between actual people, is the way forward. Nothing less will do.

The Inward Journey

The Substance of Hope

Barack Obama and the Paradox of Progress *Bloomsbury Publishing USA*

A trenchant and timeless examination of the still-contested meanings of President Barack Obama's election, from a preeminent scholar of race, politics, and American history—with a new introduction by the author. When voters in 2008 chose the United States' first black president, some Americans hailed the event as a sign that the nation had, at long last, transcended its bloody history of racial inequality. Obama's victory was

indescribably momentous, but if the intervening years proved anything, it is that we never leave history entirely behind. Indeed, this may be the ultimate lesson of the Obama era. First published in 2010, *The Substance of Hope* is acclaimed historian Jelani Cobb's meditation on what Obama's election represented, an insightful investigation into the civil rights movement forces that helped produce it, and a prescient inquiry into how American society does—and does not—change. In penetrating, elegant prose, Cobb teases apart the paradoxes embodied in race and patriotism, identity and citizenship, progress and legacy. Now reissued with a new introduction by the author, reflecting on how the seismic impact of the Obama presidency continues to shape America, *The Substance of Hope* is an indelible work of history and cultural criticism from one of our most singular voices.

Howard Thurman

Philosophy, Civil Rights, and the Search for Common Ground *Univ of South Carolina Press*

Although he is best known as a mentor to the Reverend Martin Luther King, Jr., Howard Thurman (1900–1981) was an exceptional philosopher and public intellectual in his own right. In *Howard Thurman: Philosophy, Civil Rights, and the Search for Common Ground*, Kipton E. Jensen provides new ways of understanding Thurman's foundational role in and broad influence on the civil rights movement and argues persuasively that he is one of the unsung heroes of that time. While Thurman's profound influence on King has been documented, Jensen shows how Thurman's reach extended to an entire

generation of activists. Thurman espoused a unique brand of personalism. Jensen explicates Thurman's construction of a philosophy on nonviolence and the political power of love. Showing how Thurman was a "social activist mystic" as well as a pragmatist, Jensen explains how these beliefs helped provide the foundation for King's notion of the beloved community. Throughout his life Thurman strove to create a climate of "inner unity of fellowship that went beyond the barriers of race, class, and tradition." In this volume Jensen meticulously documents and analyzes Thurman as a philosopher, activist, and peacemaker and illuminates his vital and founding role in and contributions to the monumental achievements of the civil rights era.

Cut Dead But Still Alive

Caring for African American Young Men *Abingdon Press*

To cut dead means to refuse to acknowledge another with the intent to punish. Gregory Ellison says that this is the plight of African American young men. They are stigmatized with limited opportunity for education and disproportionate incarceration. At the same time, they are often resistant to help from social institutions including the church. They are mute and invisible to society but also in their inward being. Their voice and physical selves are not acknowledged, leaving them ripe for hopelessness and volatility. So if the need is so great yet the desire for help wanes, where is the remedy? Healing can begin by reframing the problem. While to cut dead is destructive, it also refers to pruning and repotting a disfigured plant—giving it new possibilities for life. In this provocative

book, Ellison shows how caregivers can sow seeds of life, and nurture with guidance, admonition, training, and support in order to help create a community of reliable others, serving as an extended family.

The Jefferson Bible

The Life and Morals of Jesus of Nazareth *Courier Corporation*

Jefferson regarded Jesus as a moral guide rather than a divinity. In his unique interpretation of the Bible, he highlights Christ's ethical teachings, discarding the scriptures' supernatural elements, to reflect the deist view of religion.

The Way of the Mystics

"Sermons by Howard Thurman on mystics and mysticism"--

The Cross and the Lynching Tree *Orbis Books*

A landmark in the conversation about race and religion in America. "They put him to death by hanging him on a tree." Acts 10:39 The cross and the lynching tree are the two most emotionally charged symbols in the history of the African American community. In this powerful new work, theologian James H. Cone explores these symbols and their interconnection in the history and souls of black folk. Both the cross and the lynching tree represent the worst in human beings and at the same time a thirst for life that refuses to let the worst determine our final meaning. While the lynching tree symbolized white power and "black death," the cross symbolizes divine power and "black life." God overcoming the power of sin and death. For African Americans, the image of Jesus, hung on a tree to die, powerfully grounded their faith that God was with them, even in the suffering of the lynching era. In a work that spans social history, theology, and cultural studies, Cone explores the message of the spirituals and the power of the blues; the passion and of Emmet Till and the engaged vision of Martin Luther King, Jr.; he invokes the spirits of Billie Holiday and Langston Hughes, Fannie Lou Hamer and Ida B. Wells, and the witness of black artists, writers, preachers, and fighters for justice. And he remembers the victims, especially the 5,000 who perished during the lynching period. Through their witness he contemplates the greatest challenge of any Christian theology to explain how life can be made meaningful in the face of death and injustice.

Visions of a Better World

Howard Thurman's Pilgrimage to India and the Origins of African American Nonviolence *Beacon Press*

In 1935, at the height of his powers, Howard Thurman, one of the most influential African American religious thinkers of the twentieth century, took a pivotal trip to India that would forever change him—and that would ultimately shape the course of the civil rights movement in the United States. When Thurman (1899–1981) became the first African American to meet with Mahatma Gandhi, he found himself called upon to create a new version of American Christianity, one that eschewed self-imposed racial and religious boundaries, and equipped itself to confront the enormous social injustices that plagued the United States during this period. Gandhi's philosophy and practice of satyagraha, or "soul force," would have a momentous impact on Thurman, showing him the effectiveness of nonviolent resistance. After the journey to India, Thurman's distinctly American translation of satyagraha into a Black Christian context became one of the key inspirations for the civil rights movement, fulfilling Gandhi's prescient words that "it may be through the Negroes that the unadulterated message of nonviolence will be delivered to the world." Thurman went on to found one of the first explicitly interracial congregations in the United States and to deeply influence an entire generation of black ministers—among them Martin Luther King Jr. Visions of a Better World depicts a visionary leader at a transformative moment in his life. Drawing from previously untapped archival material and obscurely published works, Quinton Dixie and Peter Eisenstadt explore, for the first time, Thurman's development into a towering

theologian who would profoundly affect American Christianity—and American history.

The Third Option

Hope for a Racially Divided Nation *Howard Books*

Miles McPherson, founder of The Rock Church in San Diego, presents "a discussion about race that we desperately need...a must read" (Bishop T.D. Jakes, Senior Pastor, The Potter's House) and argues that we must learn to see people not by the color of their skin, but as God sees them—humans created in the image of God. Pastor Miles McPherson, senior pastor of The Rock Church in San Diego, addresses racial division, a topic many have shied away from, for fear of asking the wrong question or saying the wrong thing. Some are oblivious to the impact racism has, while others pretend it doesn't exist. Even the church has been affected by racial division, with Sunday now being the most segregated day of each week. Christians, who are called to love and honor their neighbors, have fallen into culture's trap by siding with one group against another: us vs. them. Cops vs. protestors. Blacks vs. whites. Racists vs. the "woke." The lure of choosing one option over another threatens God's plan for unity among His people. Instead of going along with the culture, Pastor Miles directs us to choose the Third Option: honoring the priceless value of God's image in every person we meet. He exposes common misconceptions that keep people from engaging with those of different racial and ethnic backgrounds, and identifies the privileges and pitfalls that we all face. The Third Option challenges us to fully embrace God's creativity and beauty, as

expressed in the diversity of His people. By following the steps and praying the prayers outlined in his book, Pastor Miles teaches us how we can all become leaders in unifying our communities, our churches, and the nation.

The Executed God

The Way of the Cross in Lockdown America, Second Edition *Fortress Press*

The new edition of Mark Lewis Taylor's award-winning *The Executed God* is both a searing indictment of the structures of "Lockdown America" and a visionary statement of hope. It is also a call for action to Jesus followers to resist US imperial projects and power. Outlining a "theatrics of state terror," Taylor identifies and analyzes its instruments—mass incarceration, militarized police tactics, surveillance, torture, immigrant repression, and

capital punishment—through which a racist and corporatized Lockdown America enforces in the US a global neoliberal economic and political imperialism. Against this, *The Executed God* proposes a "counter-theatrics to state terror," a declamation of the way of the cross for Jesus followers that unmasks the powers of US state domination and enacts an adversarial politics of resistance, artful dramatic actions, and the building of peoples' movements. These are all intrinsic to a Christian politics of remembrance of the Jesus executed by empire. Heralded in its first edition, this new edition is thoroughly revised, updated, and expanded, offering a demanding rethinking and recreating of what being a Christian is and of how Christianity should dream, hope, mobilize, and act to bring about what Taylor terms "a liberating material spirituality" to unseat the state that kills.
