#### **The Influence Of Bilingualism On**

An attempt is made in the present paper to resolve inconsistencies between the results of recent studies which have reported that bilingualism is associated with positive cognitive consequences and earlier studies which suggested that bilingualism might adversely affect cognitive and scholastic progress. Because recent studies involved balanced bilinguals and were carried out in "additive" bilingual settings, the bilingual subjects in these studies are likely to have attained a high level of ...

#### **ERIC - ED125311 - The Influence of Bilingualism on ...**

tating influence of bilingualism on cognition. Peal and Lambert (1962) concluded that their 10-year-old French-English bilinguals performed better on tests of intellectual reasoning than did comparable monolinguals. They also found that the abilities of the bilinguals were more differentiated. This study, however,

#### **The Influence of Bilingualism on Cognitive Strategy and ...**

Bilinguals are more experienced language learners and have potentially developed learning strategies to a larger extent than monolinguals. They also have a larger linguistic and intercultural repertoire at their disposal. In this paper the methodology and results of studies on the influence of bilingualism on third language acquisition (TLA) will be reviewed and their contribution to the study of multilingualism discussed.

#### **The influence of bilingualism on third language ...**

First, although there is general agreement from research that growing up in a bilingual environment does not have a negative

influence on skills such as language development (and could even provide an advantage across a range of social and communication areas), there is less clarity around other so-called 'bilingual advantages', for example, the ability to switch between tasks efficiently. We want to better understand these effects of bilingualism by looking in detail how cognitive ...

This experience could influence how bilinguals approach new statistical information (see Weiss, Poepsel, & Gerfen, 2015). Consequently, in the present study we endeavor to explore whether there are consequences of bilingualism for statistical word learning.

### **The influence of bilingualism on statistical word learning ...**

This dissertation abstract summarizes a research study which investigated the hypothesis that bilingualism in children would result in: (1) increased ability to analyze syntax; (2) acceleration in the time of arrival of the stage of concrete operational thinking; and (3) an increase in cognitive flexibility or ability to mentally shuffle material. Subjects were two groups of Hebrew-English speaking bilingual children; one group was tested in the United States and the other group was tested ...

### **ERIC - ED104535 - The Influence of Bilingualism on ...**

Bilingualism affects the structure of the brain in adults, as evidenced by experience-dependent grey and white matter changes in brain structures implicated in language learning, processing, and control. However, limited evidence exists on how bilingualism may influence brain development.
