### Cryers Cross By Lisa McMann

Overall, I thought Cryer's Cross was a great book which really lived up to that old adage about quality being more important than quantity. The quality of the writing and the rounded characters made this an entertaining read which is just perfect for those of you looking for something short to take to the beach with you this summer.

2.5 stars rounded up. I am fairly certain this is the last Lisa McMann 's book I will ever read. Both Gone and Cryer's Cross just don't have the emotional pull of her first 2 novels. If you read the author's books before, you are familiar with her writing style - 3rd person present tense narration.

**Book Review: Cryer's Cross by Lisa McMann**

While it did not blow me away, 'Cryer's Cross' is a pleasantly spooky supernatural tale. What I've found as typical with Lisa McMann, some sort of mental illness comes into play within the plot – in this case, OCD affecting our protagonist, Kendall.
