That Dark and Bloody River

Chronicles of the Ohio River Valley *Bantam*

An award-winning author chronicles the settling of the Ohio River Valley, home to the defiant Shawnee Indians, who vow to defend their land against the seemingly unstoppable. They came on foot and by horseback, in wagons and on rafts, singly and by the score, restless, adventurous, enterprising, relentless, seeking a foothold on the future. European immigrants and American colonists, settlers and speculators, soldiers and missionaries, fugitives from justice and from despair—pioneers all, in the great and inexorable westward expansion defined at its heart by the

majestic flow of the Ohio River. This is their story, a chronicle of monumental dimension, of resounding drama and impact set during a pivotal era in our history: the birth and growth of a nation. Drawing on a wealth of research, both scholarly and anecdotal—including letters, diaries, and journals of the era—Allan W. Eckert has delivered a landmark of historical authenticity, unprecedented in scope and detail.

That Dark and Bloody River

Chronicles of the Ohio River Valley *Bantam*

The author of *A Sorrow in Our Heart: The Life of Tecumseh* traces the settling of the Ohio River Valley, in a fictional account of the battle between Native Americans and settlers that marked a turning point in the history of the frontier.

A Dark and Bloody Ground

The Hürtgen Forest and the Roer River Dams, 1944-1945

Texas A&M University Press

The book examines uncertainty of command at the army, corps, and division levels and emphasizes the confusion and fear of

ground combat at the level of company and battalion - "where they do the dying." Its gripping description of the battle is based on government records, a rich selection of first-person accounts from veterans of both sides, and author Edward G. Miller's visits to the battlefield. The result is a compelling and comprehensive account of small-unit action set against the background of the larger command levels. The book's foreword is by retired Maj. Gen. R. W. Hogan, who was a battalion commander in the forest.

The Real Tragedy of the Rapido *Texas A&M University Press*

The Frontiersmen *Jesse Stuart Foundation*

The frontiersmen were a remarkable breed of men. They were often rough and illiterate, sometimes brutal and vicious, often seeking an escape in the wilderness of mid-America from crimes committed back east. In the beautiful but deadly country which would one day come to be known as West Virginia, Kentucky, Michigan, Ohio, Indiana, and Illinois, more often than not they left their bones to bleach beside forest paths or on the banks of the

Ohio River, victims of Indians who claimed the vast virgin territory and strove to turn back the growing tide of whites. These frontiersmen are the subjects of Allan W. Eckert's dramatic history. Against the background of such names as George Rogers Clark, Daniel Boone, Arthur St. Clair, Anthony Wayne, Simon Girty and William Henry Harrison, Eckert has recreated the life of one of America's most outstanding heroes, Simon Kenton. Kenton's role in opening the Northwest Territory to settlement more than rivaled that of his friend Daniel Boone. By his eighteenth birthday, Kenton had already won frontier renown as woodsman, fighter and scout. His incredible physical strength and endurance, his great dignity and innate kindness made him the ideal prototype of the frontier hero. Yet there is another story to The Frontiersmen. It is equally the story of one of history's greatest leaders, whose misfortune was to be born to a doomed cause and a dying race. Tecumseh, the brilliant Shawnee chief, welded together by the sheer force of his intellect and charisma an incredible Indian confederacy that came desperately close to breaking the thrust of the white man's westward expansion. Like Kenton, Tecumseh was the paragon of his people's virtues, and the story of his life, in Allan Eckert's hands, reveals most profoundly the grandeur and the tragedy of the American Indian. No less importantly, The Frontiersmen is the story of wilderness America itself, its penetration and settlement, and it is Eckert's particular grace to be able to evoke life and meaning from the raw facts of this story. In The Frontiersmen not only do we care about our long-forgotten fathers, we live again with them.

River of Darkness**Francisco Orellana's Legendary Voyage of Death and Discovery Down the Amazon** *Bantam*

From the acclaimed author of *Conquistador* comes this thrilling account of one of history's greatest adventures of discovery. With cinematic immediacy and meticulous attention to historical detail, here is the true story of a legendary sixteenth-century explorer and his death-defying navigation of the Amazon—river of darkness, pathway to gold. In 1541, the brutal conquistador Gonzalo Pizarro and his well-born lieutenant Francisco Orellana set off from Quito in search of La Canela, South America's rumored Land of Cinnamon, and the fabled El Dorado, "the golden man." Driving an enormous retinue of mercenaries, enslaved natives, horses, hunting dogs, and other animals across the Andes, they watched their proud expedition begin to disintegrate even before they descended into the nightmarish jungle, following the course of a powerful river. Soon hopelessly lost in the swampy labyrinth, their numbers diminishing daily through disease, starvation, and Indian attacks, Pizarro and Orellana made a fateful decision to separate. While Pizarro eventually returned home barefoot and in rags, Orellana and fifty-seven men, in a few fragile craft, continued downriver into the unknown reaches of the mighty Amazon, serenaded by native war drums and the eerie cries of exotic predators. Theirs would be the greater glory. Interweaving eyewitness accounts of the

quest with newly uncovered details, Buddy Levy reconstructs the seminal journey that has electrified adventurers ever since, as Orellana became the first European to navigate and explore the entire length of the world's largest river. Levy gives a long-overdue account of the native populations—some peaceful and welcoming, offering sustenance and life-saving guidance, others ferociously hostile, subjecting the invaders to gauntlets of unrelenting attack and intimations of terrifying rituals. And here is the Amazon itself, a powerful presence whose every twist and turn held the promise of new wonders both natural and man-made, as well as the ever-present risk of death—a river that would hold Orellana in its irresistible embrace to the end of his life. Overflowing with violence and beauty, nobility and tragedy, *River of Darkness* is both riveting history and a breathtaking adventure that will sweep readers along on an epic voyage unlike any other.

Crossing River Limpopo *CreateSpace*

This action packed reader-gripping book is a grueling harsh journey of Zimbabweans who cross borders into South Africa illegally, in search of greener pastures. Their worst nightmare is not only the crocodile infested river Limpopo that they cross, but also what they locally call Amagumaguma, a notorious gang of thieves and contract slayers who prey on the little possessions they migrate with, rape or sodomize them and ruthlessly butcher the vulnerable in order to sell their body parts to local witchdoctors and those afar. These grisly murderers have laid into graves many lives! The ill-fated border jumpers also have to contend with vicious, ravenous predators like lions, leopards and hyenas and other such carnivores in search of easy prey. Brutal soldiers vigilantly guarding these borders for trespassers also add to their woes. Of course, these law-breaking border-jumpers have those who help them out. For a fee of a thousand five hundred rands or two hundred American dollars, the Malayisha (cross-border taxi drivers) transport them from various parts of Zimbabwe to the Beit-Bridge border post, where they are handed over to the Impisi (escorts) at secluded rendezvous outside the border posts. These Impisi are paid by the Malayisha to escort their passengers without passports, across river Limpopo right up to near Musina in South Africa where they pick them up again

and take them to Johannesburg. The border jumpers however risk all these predators that hunt down anything that moves throughout the night. In the novel, we meet Themba Khumalo who had always wanted to go to the lucrative South Africa but did not have Malayisha's fees until when his father died, he inherited two of his father's donkeys and gave them to a local Malayisha as payment in kind, for the fees to take him to Johannesburg. What he did not know was that where he was going, the familiar became mysterious and the unfamiliar, gruesome and bizarre indeed! It was a place of delusion and paradox with a very thin line between life and death, as too many predatory eyes were fixed on the prey!

River of the Gods

Sir Richard Burton, John Speke, Sidi Mubarak Bombay and the Epic Search for the Source of the Nile *Doubleday*

From the New York Times bestselling author of RIVER OF DOUBT and DESTINY OF THE REPUBLIC, the stirring story of one of the great feats of exploration of all time, and its complicated legacy. The Nile River is the longest in the world. Its fertile floodplain allowed for rise to the great civilization of ancient Egypt, but for millennia the location of its headwaters was shrouded in mystery. Pharaonic and Roman attempts to find it were stymied by a giant labyrinthine swamp, and subsequent expeditions got no further. In the 19th century, the discovery and translation of the Rosetta Stone set off a frenzy of interest in ancient Egypt. At the same time, European powers sent off waves of explorations intended to map the unknown corners of the globe - and extend their colonial empires. Two British men - Richard Burton and John Hanning Speke - were sent by the Royal Geographical Society to claim the prize for England. Burton was already famous for being the first non-Muslim to travel to Mecca, disguised as an Arab chieftain. He spoke twenty-nine languages, was a decorated soldier, and literally wrote the book on sword-fighting techniques for the British Army. He was also mercurial, subtle, and an iconoclastic

atheist. Speke was a young aristocrat and Army officer determined to make his mark, passionate about hunting, Burton's opposite in temperament and beliefs. From the start the two men clashed, Speke chafing under Burton's command and Burton disapproving of Speke's ignorance of the people whose lands through which they traveled. They would endure tremendous hardships, illness, and constant setbacks. Two years in, deep in the African interior, Burton became too sick to press on, but Speke did, and claimed he found the source in a great lake that he christened Lake Victoria. When they returned to England, Speke rushed to take credit, disparaging Burton. Burton disputed his claim, and Speke launched another expedition to Africa to prove it. The two became venomous enemies, with the public siding with the more charismatic Burton, to Speke's great envy. The day before they were to publicly debate, Speke shot himself. Yet there was a third man on both expeditions, his name obscured by imperial annals, whose exploits were even more extraordinary. This was Sidi Mubarak Bombay, who was enslaved and shipped from his home village in East Africa to India. When the man who purchased him died, he made his way into the local Sultan's army, and eventually traveled back to Africa, where he used his resourcefulness, linguistic prowess and raw courage to forge a living as a guide. Without his talents, it is likely that neither Englishman would have come close to the headwaters of the Nile, or perhaps even survived. In RIVER OF THE GODS Candice Millard has written another peerless story of courage and adventure, set against the backdrop of the race to exploit Africa by the colonial powers.

Unopened Books

Multiplying the 2% *Createspace Independent Publishing Platform*

The unfathomable rate of Black males in education should result in a national call to action. Across the country Black males represent only 2% of the teaching workforce. By the year 2024, minority students will be the majority, yet our current education workforce does not reflect this growing trend in what has been called "The Browning of America." Why is it acceptable that a

student can matriculate from Kindergarten through twelfth grade and not have one Black male as his or her teacher? Why has it been a challenge to recruit and in many instances retain Black males in the classroom? Unopened Books explains what is referenced in the book as the Five Black Male Deterrents in Education. Through the personal narrative of Jermaine D. Gassaway, a native Washingtonian, educator, and school leader; coupled with practical solutions, Unopened Books provides insight to multiply the 2%. It is intended to not only be a provocative conversation starter but an actionable approach to increase the number of Black men in the classroom.

Jeffery Deaver is the New York Times bestselling author of *The Empty Chair* and *The Devil's Teardrop*. Here his trademark "ticking-bomb suspense" (People) explodes off the page in another heart-stopping thriller. Hollywood location scout John Pellam thought the scenic backwater town of Maddox, Missouri, would be the perfect site for an upcoming Bonnie and Clyde-style film. But after real bullets leave two people dead and one cop paralyzed, he's more sought after than the Barrow Gang. Pellam had unwittingly wandered onto the crime scene just minutes before the brutal hits. Now the feds and local police want him to talk. Mob enforcers want him silenced. And a mysterious blonde just wants him. Trapped in a town full of sinister secrets and deadly deceptions, Pellam fears that death will imitate art, as the film shoot -- and his life -- race toward a breathtakingly bloody climax.
