The Origins of Backwardness in Eastern Europe - The Henry ...

The backwardness model is a theory of economic growth created by Alexander Gerschenkron. The model postulates that the more backward an economy is at the outset of economic development, the more likely certain conditions are to occur: Special institutions, including banks or the state, will be necessary to properly channel physical capital and human capital to industries.

Backwardness - Wikipedia

the state of not being advanced, or of not using modern methods, technology, or machines: They were accused of backwardness because they had no washing machine. Local farmers won't use donkeys because of their negative association with poverty and backwardness. See. backward.
