chapter 17: The 18th century- the age of enlightenment. The Age of Enlightenment was an intellectual "awakening" that took place in the 18th century. It was the product of new ways of thinking, inspired first by the Scientific Revolution and the changing world of the industrial age. Intellectuals once again, as they had in the Renaissance and the Age of Science, began to question what was known to be true- this time about government, politics, religion, and humanity itself.
