Mastering the American Accent with Online Audio *Barrons Educational Services*

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references

problematic accent issues for 13 different language backgrounds.

American Accent Training: With Downloadable Audio *Barrons Educational Series*

A great training tool for classroom or for personal use! In recent years, Barron's American Accent Training has gained wide respect as a self-teaching program, but more and more speech trainers, teachers, and speech therapists report that they are also using it as a valuable teaching tool in their speech classes. This new edition now comes with downloadable audio. The program goes where no American accent training tool has gone before, providing highly innovative instruction for both students and business people. The structure of the book has been reorganized, offering students a much more clear and direct sequence of lessons and a path to better understanding. The downloadable audio component features professional male and female voices that have been carefully selected to represent authentic American pronunciation and intonation. Pronunciation exercises encompass all vowel sounds, consonants, blends, and diphthongs. Emphasis on linking, or phonetically transcribed sound liaisons, help students "see" the correct sounds. Designed for foreign-born students and business people working, traveling, or studying in the United States and Canada. Supplementary materials include detailed nationality guides for 11 languages (Chinese, Japanese, Indian, Spanish, French, German, Russian, Korean, Arabic, the U.S. Southern accent, and African languages). More valuable features include access to a comprehensive website, and referral to a qualified telephone analyst for an individual diagnostic speech analysis.

Buch

American Accent Training Book

A Guide to Speaking and Pronouncing American English for Everyone Who Speaks English As a Second Language

New and expanded third edition of American Accent Training with 5 new audio CDs has four all-new chapters that cover the psychology of accent acquisition, American voice quality, a pronunciation overview, and an ESL instructor's guide. The new CDs feature professional male and female voices that have been carefully selected to represent that perfect American accent. With 30 years of extensive research, the unique AAT methodology has been refined to teach the American sound quickly and easily, paying special attention to: -- Voice quality, with emphasis on accurate presentation of the authentic American sound -- Pronunciation, with attention to all vowels, consonants, blends, and diphthongs -- Intonation, which focuses on syllable stress rules and word stress in a sentence -- Linking, or liaisons between phonetically transcribed sounds so students can "see" the sound.

American Accent Training: Grammar with Audio CDs *Barrons Educational Series*

This book and audio compact disc program instructs students of English as a second language in the elements of grammar, presenting a grammar review that emphasizes speech and correct pronunciation. The compact discs include spoken dictations for each of the book's ten chapters. Students start by writing out what they hear, and then comparing what they have written with the book's printed version. In the process, they begin learning the elements of grammar, starting with the simple present tense of the verb "to be" and progressing to all other tenses and parts of speech. Students gradually learn how to use English words and pronounce them properly in grammatically correct sentences. Following each chapter's introductory sentence, they are given a brief story. A short test at the end of each chapter helps them determine their learning progress. The dictations start out quite simple and become progressively more difficult from one chapter to the next. The book is filled with charts and illustrations to facilitate students' learning progress.

More valuable features include access to a comprehensive website, and referral to a qualified telephone analyst for an individual diagnostic speech analysis.

American Accent Drills for British and Australian Speakers *Routledge*

American Accent Drills for British and Australian Speakers provides a comprehensive guide to learning a "General American" accent, made specifically for native English speakers. Unlike most American accent guides, which are geared toward ESL learners, this handbook covers only the shifts that

English speakers need to make – nothing more, nothing less. In addition to vowel and consonant drills, it covers the finer points of American intonation and elision, features that often elude English speakers of other dialects. Finally, it provides exercises for "owning" the dialect, finding authenticity and making it work for each individual actor in their own way. This is an excellent resource for students of speech and dialects, actors from the UK, Australia, and New Zealand, and advanced ESL learners who need to use an American accent on screen or on stage. American Accent Drills for British and Australian Speakers also includes access to downloadable audio files of the practice drills featured in the book, to help students practice and perfect their American accent.

Barron'S American Accent Training (5 Cd Free)

Accent America

The Complete Guide to Speaking the Standard American Accent

The American Accent Guide *Lingual Arts*

This is the 3rd edition of the world-acclaimed The American Accent Guide. The American Accent Guide provides comprehensive training on the standard American accent. The materials for this program consist of a book and accompanying streaming audio. The book provides a link and an access code for the audio, which can then be streamed on any digital device. The methods and principles of this program are based on the belief that an efficient

way to become a clear and effective speaker in a non-native language is to gain an understanding of the phonology (sound system) of that language. The American Accent Guide addresses the entire sound system of American English and gives thorough attention to each of its elements. These elements are: Intonation Stress Rhythm Individual vowel sounds Individual consonant sounds The program found in The American Accent Guide addresses each of these elements through a variety of engaging, interactive exercises that use everyday language in situations ranging from casual to technical and from informal to professional. The American Accent Guide is divided into eight sections, each of which contains its own numbering sequence and audio. Each section addresses a complete and distinct aspect of the American accent, so the student can potentially study each part independently. Although each section is complete in and of itself, exercises do reinforce skills addressed in previous sections. This makes studying the program in the order presented the most effective way to both understand the concepts and practice and improve one's accent. By the end of the course, learners will possess a clear idea of how to process the American accent and have the basic speaking tools required to express it. They will also be prepared to continue building their accent skills through purposeful listening to the way that native speakers of American English communicate. Who is The American Accent Guide for? Typical users of The American Accent Guide include universities, colleges, language schools, speech-language pathologists, ESL instructors, and individual learners. The program is appropriate for students representing all foreign language

backgrounds, given that they possess at least a low-intermediate command of the English language. The Approach The American Accent Guide introduces the elements of American English speech in the most logical sequence, integrating each of them into natural contexts. It takes a highly complex accent system and makes it easy to understand. While practicing new speech patterns, the learner gains awareness of the underlying rules of the American English sound system. These insights facilitate continued improvement and increased fluency in standard American English. The Dialect The dialect used in The American Accent Guide is standard American English, sometimes referred to as "General American." This accent is heard widely throughout parts of the United States and Canada; it is the preferred standard in North American news media and movies. Exercises in The American Accent Guide reflect the communication style of American culture, and they incorporate common idioms and colloquialisms used frequently in everyday situations. The Audio The American Accent Guide is accompanied by clear audio featuring a mix of male and female speakers of standard American English. Audio track markers are easily located in small circles throughout the text. The entire book is available in audio form, and the program can be followed using the audio independently should the student wish to use it that way. Changes to the New Edition This new 3rd edition of The American Accent Guide builds upon the successes of the previous editions. It includes revisions with new ideas, more exercises, and a new, expanded section on the topic of word stress."

Speaking Naturally Student's Book

Communication Skills in American English *Cambridge University Press*

Speaking Naturally is for intermediate and high intermediate ESL/EFL students who are interested in using English in social interaction. Each unit contains: "Presentation of language functions (thanking, agreeing, disagreeing, inviting, etc.) in both formal and informal situations" Informative readings on the cultural rules students need to know in real-life situations" Exercises and role plays for pairs and small groups, to encourage interaction" Short recorded dialogues, which expose students to a range of American accents and levels of formality. Speaking Naturally can be used as a classroom text, as a supplementary text, and for self-study.

Improve Your Spoken English and Pronunciation

An American Accent Course for Success in Business *CreateSpace*

Improve Your Spoken English and Pronunciation: American Accent for Success in Business This comprehensive instructional workbook comes with SEVEN HOURS OF FREE, DOWNLOADABLE AUDIO. The course is designed to teach foreign-born students and professionals already functioning in English how to speak clearly, correctly, and confidently. The book provides detailed instruction on the pronunciation of all of the sounds of standard American English. Extensive exercises include contrast pairs (to help speakers

distinguish between sounds), along with business vocabulary words and sentences, workplace dialogues, and common idiomatic expressions. Key pronunciation rules are explained. Numerous opportunities are provided to refine intonation and inflection, minimize nervousness, and develop a natural American speech pattern. Included in the book is a guide to the most problematic sounds for non-native speakers, organized by 22 first languages. The free audio download in convenient MP3 format includes instruction and all of the workbook exercises, taught by the author.

American Accent Program

AAT (American Accent Training Complete Edition)(CD1)

Here's How to Do Accent Modification

A Manual for Speech-Language Pathologists *Plural Publishing*

Here's How to Do Accent Modification: A Manual for Speech-Language Pathologists is designed for speech-language pathologists (SLPs) working with clients on accent modification in American English. A growing number of non-native speakers are interested in improving their communication skills and SLPs need preparation to work with this clientele. The text provides copious advice and many diverse techniques for teaching accent modification, from the level of basic sounds to the level of discourse. The text emphasizes realistic goal setting, so that clients focus on becoming effective communicators as opposed to sounding exactly like native speakers. The objective is a balance between clear and natural speech. Many

SLPs favor intelligibility over naturalness because of their backgrounds working with speech delayed children, but with non-native speakers this often leads to unnatural speech and listeners focus on how something is said as opposed to what is said. Here's How to Do Accent Modification is uniquely geared toward the skills and backgrounds of SLPs working with clients in a one-on-one setting, but is also an excellent introductory text for any English as a Second Language (ESL) teacher. Robert McKinney brings this unique perspective as a speech-language pathologist with degrees in both Communication Disorders and Teaching English as a Second Language. Also included with the text are numerous practical activities and worksheets for working with clients. The ebook includes audio files and video clips to demonstrate working with non-native speakers.

Speak English Like an American

You Already Speak English-- Now Speak it Even Better! *Language Success Press*

The audio CD contains all of the dialogues in the book.

Perfecting Your English Pronunciation *McGraw Hill Professional*

Reduce your accent when pronouncing English, with the expertise from an acclaimed specialist in the area. Developed by acclaimed speech consultant and accent specialist Susan Cameron, *Perfecting Your English Pronunciation* features her successful method, which focuses on the anatomical placement of sound and on the musculature used in articulation. Where other accent reduction/English pronunciation products rely on solely

mimicking of audio sounds, this work focuses visually, audibly, and narratively on the physical ability to speak English, noting that many sounds of English may be difficult for you because some tongue positions used in English may not be used in your native language. The 45-minute DVD introduces you to mouth and jaw exercises to prepare you for English, then demonstrates mouth formations and tongue placement using other nonnative speakers like you. You will see and hear how English sounds--enabling you to become more and more comfortable conversing with native English speakers as you go through the program.

American Accent Training with Online Audio *Simon and Schuster*

Optimized for use as an eBook, American Accent Training is a great training tool for classroom or personal use! American Accent Training has not only gained wide respect as a self-teaching program among students and business people, but more and more speech trainers, teachers, and speech therapists also use it as a valuable teaching tool in their speech classes. In this book, you will find: A linguistically logical structure that follows a direct sequence of lessons and an easy path to understanding Pronunciation exercises that cover all vowel sounds, consonants, blends, diphthongs, and much more The online audio, accessible via Barron's Online Learning Hub, features professional male and female voices that have been carefully selected to represent authentic American pronunciation and intonation.

Accent Reduction For Professionals

How to Eliminate Your Accent to Sound More American

Envision the ability to present a contract or proposal to your colleagues and not worrying about how you sound, confident in knowing that you've effectively masked your accent and how everyone is listening to you. With this guide, you'll learn the easiest ways to sound more like a native speaker and dramatically improve the way you sound.

Fluent Forever

How to Learn Any Language Fast and Never Forget It *Harmony*

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Guitar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we

know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

Speaking Without an Accent

Training in Non-regional American Dialect
