A community manifesto. By Michael Dregni | March 27, 2014. This book's subtitle is a vast understatement: Author Elly Blue

believes bicycles can also save us from healthcare woes, global warming, the energy crisis, community disintegration, and maybe much more. She's not alone: As H.G. Wells is believed to have stated about a century ago, "Whenever I see an adult on a bicycle, I have hope for the human race."

Bikenomics: How Bicycling Can Save The Economy - Elly Blue ...

By one estimate, a car-free cyclist overpays by an average of \$250 a year — a few dollars more than the amount an average driver underpays. While cyclists represent all income levels more or less equally, the ones who ride for transportation alone and don't own cars are on the lower end of the income spectrum.
