Political Communication in the Age of the Like Button

Political Communication In The Era

The essence of politics is talk or interaction. Broadly defined, political communication is the role of communication in the political process. It can take place in a variety of forms (formal or informal), in a variety of venues (public and private) and through a variety of medium (mediated or unmediated content). It includes the production and generation of messages by political actors, the transmission of political messages through direct and indirect channels, and the reception of ...

Political communication - Wikipedia

Let us begin with a few basics of political communication. The Italian scholar Giovanna Cosenza divides the history of political communication into ancient, modern and post-modern epochs (Cosenza 2014). The names of these epochs might differ, but the tripartite periodisation is useful and I will analyse it by looking at the three main kinds of signs—icons, indexes and symbols.
