Blood Infernal

The Order of the Sanguines Series

Harper Collins

In a masterpiece of supernatural mystery and apocalyptic prophecy, New York Times bestselling authors James Rollins and Rebecca Cantrell bring to a thunderous conclusion their epic trilogy of novels set between the worlds of shadow and light, between salvation and damnation, where the very gates of Hell must be shattered to discover the true fate of humankind in... Blood Infernal As an escalating scourge of grisly murders sweeps the globe, archaeologist Erin Granger must decipher the truth behind an immortal prophecy foretold in the Blood Gospel, a tome written by Christ and lost for

centuries: The shackles of Lucifer have been loosened, and his Chalice remains lost. It will take the light of all three to forge the Chalice anew and banish him again to his eternal darkness. With the Apocalypse looming, Erin must again join forces with Army Sergeant Jordan Stone and Father Rhun Korza to search for a treasure lost for millennia. But the prize has already fallen into the hands of their enemy, a demon named Legion, before whom even the walls of the Vatican will fall. The search for the key to salvation will take Erin and the others across centuries and around the world, from the dusty shelves of the Vatican's secret archives to lost medieval laboratories, where ancient alchemies were employed to horrific ends. All the while, they are hunted, besieged by creatures of uncanny skill and talent. As clues are dug free from ancient underground chapels and found frozen in icy mountain caverns, one that will destroy not only her, but all she loves. To protect the world, Erin must walk through the very gates of Hell and face the darkest of enemies: Lucifer himself. With *The Blood Gospel*, the first novel in the *Order of the Sanguines* series, James Rollins and Rebecca Cantrell combined science, myth, and religion to introduce a breathtaking world where miracles hold new meaning and the fight for good over evil

is far more complicated than we ever dreamed. And now, in this epic conclusion to the Sanguines trilogy, *Blood Infernal*, they take us to the very pit of Hell itself, making us peer into the abyss and face our greatest fears, to answer the ultimate question: What price will we pay for true salvation?

three years, but it still fills her with fear. Dangerous and brilliant, Dr. Rogers Henry is calling because he's dying. He offers Vivian a fortune in insurance money if she'll carry out one final task for him: Take the Medusa device to Washington, DC. The Medusa is his life's work—a thermonuclear bomb capable of knocking out all modern technology in the country—and he wants her to deliver it to the Pentagon before it falls into the wrong hands. Cargo plane captain Scott McKay is miles above the ground when the Medusa begins to speak. A recording of Dr. Henry's voice announces that the device is active and about to explode. Captain McKay must rely on his instincts and fly like he has never flown before to prevent a worldwide apocalypse. Medusa's Child proves once again that John Nance is the "king of the modern-day aviation thriller" (Publishers Weekly).

The Templar Legacy

A Novel *Ballantine Books*

The ancient order of the Knights Templar possessed untold wealth and absolute power over kings and popes . . . until the Inquisition, when they were wiped from the face of the earth, their hidden riches lost. But now two forces vying for the treasure have learned that it is not at all what they thought it was-and its true nature

could change the modern world. Cotton Malone, one-time top operative for the U.S. Justice Department, is enjoying his quiet new life as an antiquarian book dealer in Copenhagen when an unexpected call to action reawakens his hair-trigger instincts-and plunges him back into the cloak-and-dagger world he thought he'd left behind. It begins with a violent robbery attempt on Cotton's former supervisor, Stephanie Nelle, who's far from home on a mission that has nothing to do with national security. Armed with vital clues to a series of centuries-old puzzles scattered across Europe, she means to crack a mystery that has tantalized scholars and

fortune-hunters through the ages by finding the legendary cache of wealth and forbidden knowledge thought to have been lost forever when the order of the Knights Templar was exterminated in the fourteenth century. But she's not alone. Competing for the historic prize- and desperate for the crucial information Stephanie possesses-is Raymond de Roquefort, a shadowy zealot with an army of assassins at his command. Welcome or not, Cotton seeks to

even the odds in the perilous race. But the more he learns about the ancient conspiracy surrounding the Knights Templar, the more he realizes that even more than lives are at stake. At the end of a lethal game of conquest, rife with intrigue, treachery, and craven lust for power, lies a shattering discovery that could rock the civilized world-and, in the wrong hands, bring it to its knees. **BONUS:** This edition contains an excerpt from Steve Berry's *The King's Deception* and a Cotton Malone dossier.
