After a two-year hiatus,
the next Bongo van
appeared in September
1977. It was a mid-
engine rear wheel
drive vehicle. Ford sold
this version of the van
as the Ford Econovan,

while Mazda sold it for export as the E1300, E1400, and E1600, depending on engine size. Beginning in October 1979 a 2.2-litre diesel engine was also available in commercial versions, sold in export as the E2200.
