Sell Or Be Sold

How to Get Your Way in Business and in Life *Greenleaf Book Group Press*

In Sell or Be Sold, readers learn an important lesson: Everything in life is a sale, and you're on commission. Everything in life can and should be treated as a sale. Whether it's selling your company's product in the boardroom or selling yourself on eating healthy, selling isn't something that only happens at a car dealership. Grant Cardone shows that knowing the principles of selling is a prerequisite for success of any kind, and explains how to put those principles to use. Filled with tools and techniques for mastering persuasion and closing the sale. Each chapter is broken down into skills and approaches that improve the ability to sell and persuade, followed by end-of-chapter exercises that put these new techniques to the test. Among many other lessons, readers learn how to soften any buyer and how to harness the power of prediction. Created by an author with the ability to sell and teach. The Psychology of Selling

How to Sell More, Easier, and Faster Than You Ever Thought Possible *Thomas Nelson Inc*

Brian Tracy, one of the top professional speakers and sales trainers in the world today, found that his most important breakthrough in selling was the discovery that it is the "Psychology of Selling" that is more important than the techniques and methods of selling. Tracy's classic audio program, The Psychology of Selling, is the best-selling sales training program in history and is now available in expanded and updated book format for the first time. Salespeople will learn: "the inner game of selling" how to eliminate the fear of rejection how to build unshakeable self-confidence Salespeople, says Tracy, must learn to control their thoughts, feelings, and actions to make themselves more effective.

Selling *Grant Cardone*

Be Obsessed or Be Average *Penguin*

From the millionaire entrepreneur and New York Times bestselling author of The 10X Rule comes a bold and contrarian wake-up call for anyone truly ready for success. One of the 7 best motivational books of 2016, according to Inc. Magazine. Before Grant Cardone built five successful companies (and counting), became a multimillionaire, and wrote bestselling books... he was broke, jobless, and drug-addicted. Grant had grown up with big dreams, but friends and family told him to be more reasonable

and less demanding. If he played by the rules, they said, he could enjoy everyone else's version of middle class success. But when he tried it their way, he hit rock bottom. Then he tried the opposite approach. He said NO to the haters and naysayers and said YES to his burning, outrageous, animal obsession. He reclaimed his obsession with wanting to be a business rock star, a super salesman, a huge philanthropist. He wanted to live in a mansion and even own an airplane. Obsession made all of his wildest dreams come true. And it can help you achieve massive success too. As Grant says, we're in the middle of an epidemic of average. The conventional wisdom is to seek balance and take it easy. But that has really just given us an excuse to be unexceptional. If you want real success, you have to know how to harness your obsession to rocket to the top. This book will give you the inspiration and tools to break out of your cocoon of mediocrity and achieve your craziest dreams. Grant will teach you how to: · Set crazy goals—and reach them, every single day. · Feed the beast: when you value money and spend it on the right things, you get more of it. · Shut down the doubters—and use your haters as fuel. Whether you're a sales person, small business owner, or 9-to-5 working stiff, your path to happiness runs through your obsessions. It's a simple choice: be obsessed or be average.

The 10X Rule

The Only Difference Between Success and Failure *John Wiley & Sons*

Achieve "Massive Action" results and accomplish your business dreams! While most people operate with only three degrees of action-no action, retreat, or normal action-if you're after big goals, you don't want to settle for the ordinary. To reach the next level, you must understand the coveted 4th degree of action. This 4th degree, also known as the 10 X Rule, is that level of action that guarantees companies and individuals realize their goals and dreams. The 10 X Rule unveils the principle of "Massive Action," allowing you to blast through business clichés and risk-aversion while taking concrete steps to reach your dreams. It also demonstrates why people get stuck in the first three actions and how to move into making the 10X Rule a discipline. Find out exactly where to start, what to do, and how to follow up each action you take with more action to achieve Massive Action results. Learn the "Estimation of Effort" calculation to ensure you exceed your targets Make the Fourth Degree a way of life and defy mediocrity Discover the time management myth Get the exact reasons why people fail and others succeed Know the exact formula to solve problems Extreme success is by definition outside the realm of normal action. Instead of behaving like everybody else and settling for average results, take Massive Action with The 10 X Rule, remove luck and chance from your business equation, and lock in massive success.

The Science of Selling

Proven Strategies to Make Your Pitch, Influence Decisions, and Close the Deal *Penguin*

The Revolutionary Sales Approach Scientifically Proven to

Dramatically Improve Your Sales and Business Success Blending cutting-edge research in social psychology, neuroscience, and behavioral economics, *The Science of Selling* shows you how to align the way you sell with how our brains naturally form buying decisions, dramatically increasing your ability to earn more sales. Unlike other sales books, which primarily rely on anecdotal evidence and unproven advice, Hoffeld's evidence-based approach connects the dots between science and situations salespeople and business leaders face every day to help you consistently succeed, including proven ways to: - Engage buyers' emotions to increase their receptiveness to you and your ideas - Ask questions that line up with how the brain discloses information - Lock in the incremental commitments that lead to a sale - Create positive influence and reduce the sway of competitors - Discover the underlying causes of objections and neutralize them - Guide buyers through the necessary mental steps to make purchasing decisions Packed with advice and anecdotes, *The Science of Selling* is an essential resource for anyone looking to succeed in today's cutthroat selling environment, advance their business goals, or boost their ability to influence others. **Named one of The 20 Most Highly-Rated Sales Books of All Time by HubSpot

How to Sell Anything to Anybody *Simon and Schuster*

"The world's greatest salesman" reveals the spectacular selling principles that have brought him to the top of his profession as he offers helpful advice on how to develop customer profiles, how to turn a prospect into a buyer, how to close the deal, and how to establish a long-term relationship with one's customers. Go the Fk to Sleep** *Open Road Media*

The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

The Platinum Rule

Discover the Four Basic Business Personalities and How They Can Lead You to Success *Grand Central Publishing*

In this entertaining and thought-provoking book, Tony Alessandra and Michael O'Connor argue that the "Golden Rule" is not always the best way to approach people. Rather, they propose the Platinum Rule: "Do unto others as 'they'd' like done unto them". In other words, find out what makes people tick and go from there.

What Money Can't Buy

The Moral Limits of Markets *Farrar, Straus and Giroux*

Should we pay children to read books or to get good grades? Should we allow corporations to pay for the right to pollute the atmosphere? Is it ethical to pay people to test risky new drugs or to donate their organs? What about hiring mercenaries to fight our wars? Auctioning admission to elite universities? Selling citizenship to immigrants willing to pay? In *What Money Can't Buy*, Michael J. Sandel takes on one of the biggest ethical questions of our time: Is there something wrong with a world in which everything is for sale? If so, how can we prevent market values from reaching into spheres of life where they don't belong? What are the moral limits of markets? In recent decades, market values have crowded out nonmarket norms in almost every aspect of life—medicine, education, government, law, art, sports, even family life and personal relations. Without quite realizing it, Sandel argues, we have drifted from having a market economy to being a market society. Is this where we want to be? In his New York Times bestseller *Justice*, Sandel showed himself to be a master at illuminating, with clarity and verve, the hard moral questions we confront in our everyday lives. Now, in *What Money Can't Buy*, he provokes an essential discussion that we, in our market-driven age, need to have: What is the proper role of markets in a democratic society—and how can we protect the moral and civic goods that markets don't honor and that money can't buy?

When Harry Became Sally

Responding to the Transgender Moment *Encounter Books*

Can a boy be “trapped” in a girl’s body? Can modern medicine “reassign” sex? Is our sex “assigned” to us in the first place? What is the most loving response to a person experiencing a conflicted sense of gender? What should our law say on matters of “gender identity”? When *Harry Became Sally* provides thoughtful answers to questions arising from our transgender moment. Drawing on the best insights from biology, psychology, and philosophy, Ryan Anderson offers a nuanced view of human embodiment, a balanced approach to public policy on gender identity, and a sober assessment of the human costs of getting human nature wrong. This book exposes the contrast between the media’s sunny depiction of gender fluidity and the often sad reality of living with gender dysphoria. It gives a voice to people who tried to “transition” by changing their bodies, and found themselves no better off. Especially troubling are the stories told by adults who were encouraged to transition as children but later regretted subjecting themselves to those drastic procedures. As Anderson shows, the most beneficial therapies focus on helping people accept themselves and live in harmony with their bodies. This understanding is vital for parents with children in schools where counselors may steer a child toward transitioning behind their backs. Everyone has something at stake in the controversies over transgender ideology, when misguided “antidiscrimination” policies allow biological men into women’s restrooms and penalize Americans who hold to the truth about human nature. Anderson offers a strategy for pushing back with principle and prudence, compassion and grace.

Runaway America

Benjamin Franklin, Slavery, and the American Revolution *Macmillan*

Scientist, abolitionist, revolutionary: that is the Benjamin Franklin we know and celebrate. To this description, the talented young historian David Waldstreicher shows we must add runaway, slave master, and empire builder. But *Runaway America* does much more than revise our image of a beloved founding father. Finding slavery at the center of Franklin’s life, Waldstreicher proves it was likewise central to the Revolution, America’s founding, and the very notion of freedom we associate with both. Franklin was the sole Founding Father who was once owned by someone else and was among the few to derive his fortune from slavery. As an indentured servant, Franklin fled his master before his term was complete; as a struggling printer, he built a financial empire selling newspapers that not only advertised the goods of a slave economy (not to mention slaves) but also ran the notices that led to the recapture of runaway servants. Perhaps Waldstreicher’s greatest achievement is in showing that this was not an ironic outcome but a calculated one. America’s freedom, no less than Franklin’s, demanded that others forgo liberty. Through the life of Franklin, *Runaway America* provides an original explanation to

the paradox of American slavery and freedom.

The Challenger Sale

Taking Control of the Customer Conversation *Penguin*

What’s the secret to sales success? If you’re like most business leaders, you’d say it’s fundamentally about relationships-and you’d be wrong. The best salespeople don’t just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, *The Challenger Sale* argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors’ study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one-the Challenger- delivers consistently high performance. Instead of bludgeoning customers

with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

Heart-Powered Sales

Grow Your Sales Exponentially with Emotional Intelligence and Intuition

Do you dread the end-of-month struggle to reach your sales targets? Are you afraid your prospects will think you're pushy or "salesy"? Way of the Wolf

Straight Line Selling: Master the Art of Persuasion, Influence, and Success *Simon and Schuster*

Jordan Belfort—immortalized by Leonardo DiCaprio in the hit movie *The Wolf of Wall Street*—reveals the step-by-step sales and persuasion system proven to turn anyone into a sales-closing, money-earning rock star. For the first time ever, Jordan Belfort opens his playbook and gives you access to his exclusive step-by-step system—the same system he used to create massive wealth for himself, his clients, and his sales teams. Until now this revolutionary program was only available through Jordan's \$1,997 online training. Now, in *Way of the Wolf*, Belfort is ready to unleash the power of persuasion to a whole new generation, revealing how anyone can bounce back from devastating setbacks, master the art of persuasion, and build wealth. Every technique, every strategy, and every tip has been tested and proven to work in real-life situations. Written in his own inimitable voice, *Way of the Wolf* cracks the code on how to persuade

anyone to do anything, and coaches readers—regardless of age, education, or skill level—to be a master sales person, negotiator, closer, entrepreneur, or speaker.

The Every

A novel *Vintage*

From the award-winning, bestselling author of *The Circle* comes an exciting new follow-up. When the world's largest search engine/social media company, the Circle, merges with the planet's dominant ecommerce site, it creates the richest and most dangerous—and, oddly enough, most beloved—monopoly ever known: the Every. Delaney Wells is an unlikely new hire at the Every. A former forest ranger and unwavering tech skeptic, she charms her way into an entry-level job with one goal in mind: to take down the company from within. With her compatriot, the not-at-all-ambitious Wes Makazian, they look for the Every's weaknesses, hoping to free humanity from all-encompassing surveillance and the emoji-driven infantilization of the species. But does anyone want what Delaney is fighting to save? Does humanity truly want to be free? Studded with unforgettable characters, outrageous outfits, and lacerating set-pieces, this companion to *The Circle* blends absurdity and terror, satire and suspense, while keeping the reader in apprehensive excitement about the fate of the company—and the human animal.

The Many Mysteries of the Finkel Family *Penguin*

Fans of the Penderwicks and the Vanderbeekers, meet the Finkel family in this middle grade novel about two autistic sisters, their detective agency, and life's most consequential mysteries. When twelve-year-old Lara Finkel starts her very own detective agency, FIASCCO (Finkel Investigation Agency Solving Consequential Crimes Only), she does not want her sister, Caroline, involved. She and Caroline don't have to do everything together. But Caroline won't give up, and when she brings Lara the firm's first mystery, Lara relents, and the questions start piling up. But Lara and Caroline's truce doesn't last for long. Caroline normally uses her tablet to talk, but now she's busily texting a new friend. Lara can't figure out what the two of them are up to, but it can't be good. And Caroline doesn't like Lara's snooping—she's supposed to be solving other people's crimes, not spying on Caroline! As FIASCCO and the Finkel family mysteries spin out of control, can Caroline and Lara find a way to be friends again?

Built to Sell

Creating a Business That Can Thrive Without You *Penguin*

According to John Warrillow, the number one mistake entrepreneurs make is to build a business that relies too heavily on them. Thus, when the time comes to sell, buyers aren't confident that the company—even if it's profitable—can stand on its

own. To illustrate this, Warrillow introduces us to a fictional small business owner named Alex who is struggling to sell his advertising agency. Alex turns to Ted, an entrepreneur and old family friend, who encourages Alex to pursue three criteria to make his business sellable: * Teachable: focus on products and services that you can teach employees to deliver. * Valuable: avoid price wars by specialising in doing one thing better than anyone else. * Repeatable: generate recurring revenue by

engineering products that customers have to repurchase often.
