Interpersonal Aspects Of Nursing

Nursing is an interpersonal process aimed at assisting individuals, families, or communities to prevent or cope with the processes of illness and suffering and, if necessary, to find meaning in the experiences. Nursing's purpose is achieved through human-to-human relationships, which are established by a disciplined intellectual approach to problems, combined with therapeutic use of self.

 NURS 0173. The student in this course will focus on the separation of the intra- and interpersonal aspects of communication to better understand how nurses function with clients and vice versa. All the components of this module are interrelated, and all are part of a relational practice, communication, and the development of a therapeutic relationship between

client and nurse.
