American Society of Nuclear Cardiology

TORONTO — The federal government has launched a new initiative aimed at finding long-term solutions for the growing quantity of radioactive waste produced by Canada's nuclear reactors. To that end, the government wants members of the industry, the general

public and Indigenous people to weigh in on the topic and potential solutions that have so far proven elusive. In a letter last week ...

Feds launch nuclear-waste strategy review amid elusive ...

The new initiative aims to review Canada's current storage practices and come up with long-term options that are feasible, safe, environmentally sound, and in line with best international practices. O'Regan said the new strategy dialogue should not detract from the waste organization's current mandate related to the long-term management of used nuclear fuel.
