In 2006, the fourteenth Dalai Lama, Tenzin Gyatso, published The Universe in a Single Atom, a work that attempts to establish a link between Buddhism and the principles of scientific inquiry. This search for metaphorical and conceptual bridges between the Dalai Lama's religion and his lifelong interest isn't intended to blend or combine the two.

The Universe in a Single Atom Summary | SuperSummary

With this book, the Dalai Lama shows that he is at once the most spiritual of persons, and the most practical. In The Universe In A Single Atom, he shows one possible method for people living in the modern age of nuclear power, quantum physics and genetic engineering to combine the knowlege of science with the wisdom of spirituality. Just as Einstein thought that religion without science is blind and science without religion is lame, the Dalai Lama believes that "spirituality and science are dif
