According to the 2003
catalog, Yamaha has
no 225 or 250HP
engine in the
conventional 2-stroke
category in 25" or 30"
shaft length. Since J/E
doesn't either,
Mercury's 225 & 250

the 225 4-stroke or the

Two sets of these were on Grady-White 272 Sailfish, and another on a Pursuit 2855. This makes for a total of eight engines ranging in years from 1995 to 1999, which gave us a pretty good look at how these engines are performing over time.

out the sides of the muff. These engines need plenty of water on the muffs, that's why don't hesitate to turn the tap all the way open. If it still surges don't push it. Slow down and find the problem.
