Information Doesn't Want to Be Free is a 2014 non-fiction book by science fiction writer and Internet activist Cory Doctorow. In the book, he advocates for less restrictions on intellectual property on the Internet. He states that " [i]nformation doesn't want to be free,...people do.”.

Information Doesn't Want to Be Free - Wikipedia

Information doesn't want to be free. Information doesn't want to be expensive, either. In fact, information doesn't “want” anything. It can't. Only people want things. What do people want? They want food. They want comfortable places to live. They want clean water and air. They want their kids to be happy and healthy.

Information Doesn't Want to Be Free: Laws for the Internet ...

"Information wants to be free" is an expression that means all people should be able to access information freely. It is often used by technology activists to criticize laws that limit transparency and general access to information. People who criticize intellectual property law say the system of such government granted monopolies conflicts with the development of a public domain of information. The expression is often credited to Stewart Brand, who was recorded saying it at a hackers conference
