Prince Lestat and the Realms of Atlantis

The Vampire Chronicles *Anchor*

From Anne Rice, conjurer of the beloved best sellers Interview with the Vampire and Prince Lestat, an ambitious and exhilarating new novel of utopian vision and power "In my dreams, I saw a city fall into the sea. I heard the cries of thousands. I saw flames that outshone the lamps of heaven. And all the world was shaken . . ." --Anne Rice, Prince Lestat and the Realms of Atlantis At the novel's center: the vampire Lestat de Lioncourt, hero, leader, inspirer, irresistible force, irrepressible spirit, battling (and ultimately reconciling with) a strange otherworldly form that has somehow taken possession of Lestat's undead body and soul. This ancient and mysterious power and unearthly spirit of vampire lore has all the force, history, and insidious reach of the unknowable Universe. It is through this spirit, previously considered benign for thousands of vampire years and throughout the Vampire Chronicles, that we come to be told the hypnotic tale of a great sea power of ancient times; a mysterious heaven on earth situated on a boundless continent--and of how and why, and in what manner and with what far-

reaching purpose, this force came to build and rule the great legendary empire of centuries ago that thrived in the Atlantic Ocean. And as we learn of the mighty, far-reaching powers and perfections of this lost kingdom of Atalantaya, the lost realms of Atlantis, we come to understand its secrets, and how and why the vampire Lestat, indeed all the vampires, must reckon so many millennia later with the terrifying force of this ageless, all-powerful Atalantaya spirit.

Anne Rice's vampires are different in several ways from classic vampires like Dracula. Rice's creatures are not affected by the usual weapons against classic vampires: garlic, crosses, and they cannot be killed with wooden stakes. Like classic vampires, most do choose to sleep in some form of coffin during the day because sun exposure can cause death/pain. Also, during the day, most "sleep," however, this differs from "mortal sleep" as: a) they become dead bodies, and b) the dawn often triggers their sleep against their will. They need blood, but in some cases...

The Vampire in Literature: A Comparison of Bram Stoker's Dracula and Anne Rice's Interview with the Vampire *Anchor Academic Publishing (aap_verlag)*

The figure of the vampire has been around for centuries, and has lost none of its fascination. Although, the portrayal of the vampire in literature today has not much in common with its historical origins, the vampire belief is based on true events. Bram Stoker's novel 'Dracula' laid the foundation for the success story of the vampire. He created something sinister, a monster in the shape of a gentleman. The evil of the Victorian society was personified in the form of the revenant. Boundaries between good and evil, human and non-human, death and life are blurred and unrecognizable in his book. In contrast, Anne Rice creates a world where humans and vampires live next to each other. Her vampires resemble human beings not only in terms of their bodies, but also in terms of their minds. There is no horror detectable, but amazement and identification with the revenants by the reader. In this context, the differentiation of the

constructed images of the vampires in the two novels, ‘Dracula’ by Bram Stoker and ‘Interview with the Vampire’ by Anne Rice, is analyzed. Thereby, the study investigates those elements that have been adopted, those ones that have developed over the time, and the consequences that go along with the manner of construction.

Called Out of Darkness

A Spiritual Confession *Vintage Canada*

An intimate memoir of Anne Rice’s Catholic girlhood, her unmaking as a devout believer, and her return to the Church – what she calls a decision of the heart. Moving from her New Orleans childhood in the 1940s and ‘50s, with all its religious devotions, through how she slowly lost her belief in God, *Called Out of Darkness* also recounts Anne’s years in radical Berkeley, where she wrote *Interview with the Vampire* (a lament for her lost faith) and where she came to admire the principles of secular humanists. She writes about loss and alienation (her mother’s drinking, the deaths of her young daughter and later, her husband); about the birth of her son, Christopher; and about how, after 38 years as an atheist, she once again came to believe in Christ. Anne Rice makes a spiritual confession that is a celebration: a brilliant, subtle exploration of the journey through life that allows one to answer the call out of darkness.
