Celebrities Who Love the UK - Heart

Each year, more than 51,000 babies are born pre-term - around 1 in 13 births - in England and Wales. Previous research has shown that babies who are born early are at greater risk of developing heart failure early in life and are more likely to have abnormalities in the structure and function of their heart. However, the extent and evolution of those changes throughout development from birth to young adulthood is not well understood.
