Parts and Service | Case IH

Most of the 9370's sold in my area went on pans so they were all powershift. I've got a 98 model 9370 Quadtrac and the powershift does fine in it with no real skips or jumps between gears. It is noticeable but with almost 8500 hours I expected it. Our newest 4wd is a Stx 450. That powershift is the smoothest I've ever driven.
