## Modern Political Analysis

This authoritative analysis introduces the key concepts used by contemporary political scientists. Rigorous, concise, and tightly argued, it makes use of everyday and historical examples to illustrate important and challenging conceptual material.

## Modern Political Analysis by Robert A. Dahl

Dahl's analysis of politics focuses initially on the concepts of power (or influence), and why some individuals or political agents are able or willing to use power

more effectively than others. The analysis also addresses questions of the different natures of political systems; and raises the nice question of whether polyarchy (=democracy in Dahl's terminology) causes prosperity or vice versa.

In Modern Political Analysis ( MPA ), Robert A. Dahl presents what he saw as the essentials of politics and political science. Spanning four decades of Dahl's scholarly career, the six editions of MPA address (i) the nature of politics; (ii) 'influence', the constituent element of politics and MPA 's term for what political scientists often call 'power'; and (iii) similarities and differences among political systems.
