'Form' and 'function' are two extremely important concepts that you need to know about to fully understand how grammar works. Surprisingly, there is no overt reference to these terms in the UK National Curriculum. 'Form' refers to the category labels we use for the building blocks of grammar, i.e. word classes, phrases, and clauses.

The Grammatical Functions of Subjects
"The most complex grammatical function is that of subject. Consider the example in (1). (1) The tigers hunt prey at night. Tigers precedes the verb. It agrees with the verb in number, as becomes clear when it is made singular: The tiger hunts its prey at night. In the active construction, it is never marked by any preposition.

In the classroom It is important for learners to understand that one form may have many different functions, and to see how functions work in context, as the example above shows. Many forms have sensitive functions and so their appropriacy, formality and degree need to be considered. Further links:

When teaching, it's best to mix language functions with grammar. Provide functional language as students are ready to learn. In the example above, using "I wish I could go to the party" will likely confuse lower level students. On the other hand, "I'd like to

go to the party" or "I want to go to the party" is appropriate for lower level classes.

Language Functions in English - ThoughtCo

Grammar is the base of English language. English especially as a second or a foreign language is not acquired naturally; instruction and structured learning are important. Through grammar, an ESL learner learns how to operate at the sentence level and studies the governance of the syntax or word orders that are the rule of the game in the language.

Importance of Teaching English Grammar

Traditionally, language instruction has focused

on teaching grammar at the sentence level. Sentence-level grammar refers to parts of speech, tenses, phrases, clauses, and word order. However, current teaching approaches recognize that it is important to include grammar in context.
