Sight words are words that should be memorized to help a child learn to read

and write. Learning sight words allows a child to recognize these words at a glance — on sight — without needing to break the words down into their individual letters and is the way strong readers recognize most words.

Sight Words | Sight Words: Teach Your Child to Read

The sight words are a collection of words that a child should learn to recognize without sounding out the letters. The sight words are both common, frequently used words and foundational words that a child can use to build a vocabulary. Combining sight words with phonics instruction increases a child's speed and fluency in reading.
