A Different Mirror

A History of Multicultural America (Revised Edition) eBookIt.com

Takaki traces the economic and political history of Indians, African Americans, Mexicans, Japanese, Chinese, Irish, and Jewish people in America, with considerable attention given to instances and consequences of racism. The narrative is laced with short quotations, cameos of personal experiences, and excerpts from folk music and literature. Well-known occurrences, such as the Triangle Shirtwaist Factory Fire, the Trail of Tears, the Harlem Renaissance, and the Japanese internment are included. Students may be surprised by some of the revelations, but will recognize a constant thread of rampant racism. The author concludes with a summary of today's changing economic climate and offers Rodney King's challenge to all of us to try to get along. Readers will find this overview to be an accessible, cogent jumping-off place for American history and political science plus a guide to the myriad other sources identified in the notes.

A Different Mirror for Young People

A History of Multicultural America *Seven Stories Press*

A longtime professor of Ethnic Studies at the University of California at Berkeley, Ronald Takaki was recognized as one of the foremost scholars of American ethnic history and diversity. When the first edition of A Different Mirror was published in 1993, Publishers Weekly called it "a brilliant revisionist history of America that is likely to become a classic of multicultural studies" and named it one of the ten best books of the year. Now Rebecca Stefoff, who adapted Howard Zinn's best-selling A People's History of the United States for younger readers, turns the updated 2008 edition of Takaki's multicultural masterwork into A Different Mirror for Young People. Drawing on Takaki's vast array of primary sources, and staying true to his own words whenever possible, A Different Mirror for Young People brings ethnic history alive through the words of people, including teenagers, who recorded their experiences in letters, diaries, and poems. Like Zinn's A People's History, Takaki's A Different Mirror offers a rich and rewarding "people's view" perspective on the American story.

Strangers from a Different Shore

A History of Asian Americans (Updated and Revised) *eBookIt.com*

In an extraordinary blend of narrative history, personal recollection, & oral testimony, the author presents a sweeping history of Asian Americans. He writes of the Chinese who laid tracks for the transcontinental railroad, of plantation laborers in the canefields of Hawaii, of "picture brides" marrying strangers in the hope of becoming part of the American dream. He tells stories of Japanese Americans behind the barbed wire of U.S. internment camps during World War II, Hmong refugees tragically unable to adjust to Wisconsin's alien climate & culture, & Asian American students stigmatized by the stereotype of the "model minority." This is a powerful & moving work that will resonate for all Americans, who together make up a nation of immigrants from other shores.

A Young People's History of the United States

Columbus to the War on Terror *Seven Stories Press*

A Young People's History of the United States brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. A Young People's History of the United States is also a companion volume to The People Speak, the film adapted from A People's History of the United States and Voices of a People's History of the United States. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of A Young People's History of the United States presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

American Ethnic History

Themes and Perspectives *Edinburgh University Press*

This book provides a new framework for examining and comprehending the varied historical experiences of ethnic groups in the United States. Thematically organized and comparative in outlook, it explores how historians have grappled with questions that bear upon a key aspect of the American experience: ethnicity. How did the United States come to have such an ethnically diverse population? What contribution, if any, has this ethnic diversity made to the shaping of American culture and institutions? How easily and at what levels have ethnic and racial minorities been incorporated, if at all, into the social and economic structures of the United States? Has incorporation been a uniform process or has it varied from group to group? As well as providing readers with an accessible yet authoritative introduction to the field of American ethnic history, the book serves as a valuable reference tool for more experienced researchers.Key Features:*Adopts a comparative and thematic approach that helps to demystify this complex and controversial subject.*Provides an orderly and readable introduction to the main issues and debates surrounding the topic.*Detailed and broad-ranging discussion of historiography enables readers to find more specialized works on topics in which they are interested.

A Different Mirror

A History of Multicultural America

A dramatic new retelling of our nation's past. Beginning with the colonization of the New World, it recounts the history of America in the voice of the non-Anglo peoples of the United States--Native Americans, African Americans, Jews, Irish Americans, Asian Americans, Latinos, and others--groups who helped create this country's rich mosaic culture. Now, Ronald Takaki has revised his landmark work and made it even more relevant and important. Among the new additions to the book are: the role of black soldiers in preserving the Union; the history of Chinese Americans from 1900-1941; an investigation into the hot-button issue of "illegal" immigrants from Mexico; and a look at the sudden visibility of Muslim refugees from Afghanistan. This new edition grapples with the raw truth of American history and examines the ultimate question of what it means to be an American.--From publisher description.

A Different Mirror

A History of Multicultural America *Back Bay Books*

Ronald Takaki's beloved revisionist history of America, praised by Howard Zinn as "a bold and refreshing new approach to our national history," will be reissued with a foreword from Clint Smith, author of the award-winning #1 bestseller How the Word Is Passed. Ronald Takaki's "brilliant revisionist history of America" (Publishers Weekly) is a landmark work of American history retells American history from the bottom up, through the lives of many minorities -- Native Americans, African Americans, Jewish Americans, Irish Americans, Asian Americans, Latino Americans, and others -- who helped create this country's mighty economy and rich mosaic culture. A Different Mirror brilliantly illuminates our country's defining strengths as it reveals America as a nation peopled by the world.

A Distant Mirror

The Calamitous 14th Century *Random House*

A “marvelous history”* of medieval Europe, from the bubonic plague and the Papal Schism to the Hundred Years’ War, by the Pulitzer Prize-winning author of The Guns of August *Lawrence Wright, author of The End of October, in The Wall Street Journal The fourteenth century reflects two contradictory images: on the one hand, a glittering age of crusades, cathedrals, and chivalry; on the other, a world plunged into chaos and spiritual agony. In this revelatory work, Barbara W. Tuchman examines not only the great rhythms of history but the grain and texture of domestic life: what childhood was like; what marriage meant; how money, taxes, and war dominated the lives of serf, noble, and clergy alike. Granting her subjects their loyalties, treacheries, and guilty passions, Tuchman re-creates the lives of proud cardinals, university scholars, grocers and clerks, saints and mystics, lawyers and mercenaries, and, dominating all, the knight—in all his valor and “furious follies,” a “terrible worm in an iron cocoon.” Praise for A Distant Mirror “Beautifully written, careful and thorough in its scholarship . . . What Ms. Tuchman does superbly is to tell how it was. . . . No one has ever done this better.”—The New York Review of Books “A beautiful, extraordinary book . . . Tuchman at the top of her powers . . . She has done nothing finer.”—The Wall Street Journal “Wise, witty, and wonderful . . . a great book, in a great historical tradition.”—Commentary NOTE: This edition does not include color images.

The Phantom Tollbooth *Yearling Books*

A journey through a land where Milo learns the importance of words and numbers provides a cure for his boredom.

An African American and Latinx History of the United States *Beacon Press*

An intersectional history of the shared struggle for African American and Latinx civil rights Spanning more than two hundred years, An African American and Latinx History of the United States is a revolutionary, politically charged narrative history, arguing that the “Global South” was crucial to the development of America as we know it. Scholar and activist Paul Ortiz challenges the notion of westward progress as exalted by widely taught formulations like “manifest destiny” and “Jacksonian democracy,” and shows how placing African American, Latinx, and Indigenous voices unapologetically front and center transforms US history into one of the working class organizing against imperialism. Drawing on rich narratives and primary source documents, Ortiz links racial segregation in the Southwest and the rise and violent fall of a powerful tradition of Mexican labor organizing in the twentieth century, to May 1, 2006, known as International Workers’ Day, when migrant laborers—Chicana/os, Afrocubanos, and immigrants from every continent on earth—united in resistance on the first “Day Without Immigrants.” As African American civil rights activists fought Jim Crow laws and Mexican labor organizers warred against the suffocating grip of capitalism, Black and Spanish-language newspapers, abolitionists, and Latin American revolutionaries coalesced around movements built between people from the United States and people from Central America and the Caribbean. In stark contrast to the resurgence of “America First” rhetoric, Black and Latinx intellectuals and organizers today have historically urged the United States to build bridges of solidarity with the nations of the Americas. Incisive and timely, this bottom-up history, told from the interconnected vantage points of Latinx and African Americans, reveals the radically different ways that people of the diaspora have addressed issues still plaguing the United States today, and it offers a way forward in the continued struggle for universal civil rights. 2018 Winner of the PEN Oakland/Josephine Miles Literary Award

Race

A Philosophical Introduction *Polity*

In Race: A Philosophical Introduction, Second Edition , Paul C. Taylor provides an accessible guide to a well-travelled but still-mysterious area of the contemporary social landscape. As in the first edition, the book blends metaphysics and social philosophy, analytic philosophy and pragmatic philosophy of experience. In this thoroughly updated and revised volume, Taylor outlines the main features and implications of race-thinking, while engaging the ideas of such important figures as Linda Alcoff, K. Anthony Appiah, W. E. B. Du Bois, Michel Foucault, Sally Haslanger, and Howard Winant. The result is a comprehensive but accessible introduction to philosophical race theory and to a non-biological and situational notion of race. The book unfolds in a sequence of five chapters, each devoted to one of the following questions: What is race-thinking? Don’t we know better than to

talk about race now? Are there any races? What is it like to have a racial identity? And how important, ethically, is colorblindness? On the way to answering these questions, Race takes up topics like mixed-race identity, white supremacy, the relationship between the race concept and other social identity categories and the impact of race-thinking on our erotic and romantic lives. The second edition’s new concluding chapter explores the racially fraught issues of policing, immigration, and global justice, and interrogates the thought that Barack Obama has ushered in a post-racial age. This volume is suitable for the educated general reader as well as for students and scholars in ethnic studies, philosophy, sociology, and other related fields.

Arrogant Beggar *Duke University Press*

The target of intense critical comment when it was first published in 1927, Arrogant Beggar’s scathing attack on charity-run boardinghouses remains one of Anzia Yezierska’s most devastating works of social criticism. The novel follows the fortunes of its young Jewish narrator, Adele Lindner, as she leaves the impoverished conditions of New York’s Lower East Side and tries to rise in the world. Portraying Adele’s experiences at the Hellman Home for Working Girls, the first half of the novel exposes the “sickening farce” of institutionalized charity while portraying the class tensions that divided affluent German American Jews from more recently arrived Russian American Jews. The second half of the novel takes Adele back to her ghetto origins as she explores an alternative model of philanthropy by opening a restaurant that combines the communitarian ideals of Old World shtetl tradition with the contingencies of New World capitalism. Within the context of this radical message, Yezierska revisits the themes that have made her work famous, confronting complex questions of ethnic identity, assimilation, and female self-realization. Katherine Stubbs’s introduction provides a comprehensive and compelling historical, social, and literary context for this extraordinary novel and discusses the critical reaction to its publication in light of Yezierska’s biography and the once much-publicized and mythologized version of her life story. Unavailable for over sixty years, Arrogant Beggar will be enjoyed by general readers of fiction and be of crucial importance for feminist critics, students of ethnic literature. It will also prove an exciting and richly rewarding text for students and scholars of Jewish studies, immigrant literature, women’s writing, American history, and working-class fiction.

From Different Shores

Perspectives on Race and Ethnicity in America *Oxford University Press, USA*

Now featuring a new section on public policy, and a wide range of new essays by many of the liveliest and most exciting figures in ethnic studies, this updated edition of a remarkably successful text introduces students to the diverse points of view on race and ethnicity in the U.S. Arranged in debate format, the essays address vital questions: How have the experiences of racial minorities in the United States been similar to and different from each other? Is race the same as ethnicity? How has culture shaped race and ethnic relations? What has been the relationship between race and class? How can race and gender be compared? Moreover, how can racial inequality be explained, and what public policies or strategies are needed to address it? One third of the selections are new, examining affirmative action, welfare dependency, and the Los Angeles riots, and including a debate between Arthur Schlesinger, Jr., and the editor on multicultural curricula and the campus culture wars. Providing a fresh new look at America’s complex and unique ethnic heritage, this text makes an invaluable contribution to any course on race, ethnicity, or social stratification.

Whiteness of a Different Color *Harvard University Press*

America's racial odyssey is the subject of this remarkable work of historical imagination. Matthew Frye Jacobson argues that race resides not in nature but in the contingencies of politics and culture. In ever-changing racial categories we glimpse the competing theories of history and collective destiny by which power has been organized and contested in the United States. Capturing the excitement of the new field of "whiteness studies" and linking it to traditional historical inquiry, Jacobson shows that in this nation of immigrants "race" has been at the core of civic assimilation: ethnic minorities, in becoming American, were re-racialized to become Caucasian.

Burro Genius *HarperCollins Español*

De pie frente al público, Víctor Villaseñor miró al grupo de maestros sentados frente a él, y su mente se llenó de recuerdos de infancia llenos de

humillación y abuso por parte de sus profesores. Se sintió enfurecer. Con el corazón en la mano, comenzó a hablar de esos abusos. Y cuando terminó, para su gran sorpresa, encontró a todos los profesores de pie aplau-diéndolo enfáticamente. Muchas de las personas en el público no lograban contener sus lágrimas.Así comienzan las conmovedoras y apasionadas memorias de Víctor Villaseñor. A pesar de ser muy talentoso e imaginativo desde muy niño, tuvo que vivir con una dificultad de aprendizaje (no fue sino hasta los 44 años de edad que fue diagnosticado con un caso grave de dislexia), y la frustración de ser latino en una escuela americana en la que sólo se hablaba inglés. A pesar de los profesores que lo maltrataban porque no podía hablar inglés, Villaseñor se aferró a su sueño de un día convertirse en escritor. Hoy en día, es considerado uno de los autores más importantes de nuestra era.

Freedom Summer For Young People

The Violent Season that Made Mississippi Burn and Made America a Democracy *Seven Stories Press*

This latest edition in Triangle Square's For Young People series is a gripping account of the summer that changed America. In the summer of 1964, as the Civil Rights movement boiled over, the Student Nonviolent Coordinating Committee (SNCC) sent more than seven hundred college students to Mississippi to help black Americans already battling for democracy, their dignity and the right to vote. The campaign was called “Freedom Summer.” But on the evening after volunteers arrived, three young civil rights workers went missing, presumed victims of the Ku Klux Klan. The disappearance focused America’s attention on Mississippi. In the days and weeks that followed, volunteers and local black activists faced intimidation, threats, and violence from white people who didn't believe African Americans should have the right to vote. As the summer unfolded, volunteers were arrested or beaten. Black churches were burned. More Americans came to Mississippi, including doctors, clergymen, and Martin Luther King. A few frightened volunteers went home, but the rest stayed on in Mississippi, teaching in Freedom Schools, registering voters, and living with black people as equals. Freedom Summer brought out the best and the worst in America. The story told within these pages is of everyday people fighting for freedom, a fight that continues today. Freedom Summer for Young People is a riveting account of a decisive moment in American history, sure to move and inspire readers.

The Making of Asian America

A History *Simon and Schuster*

The definitive history of Asian Americans by one of the nation’s preeminent scholars on the subject. In the past fifty years, Asian Americans have helped change the face of America and are now the fastest growing group in the United States. But as award-winning historian Erika Lee reminds us, Asian Americans also have deep roots in the country. The Making of Asian America tells the little-known history of Asian Americans and their role in American life, from the arrival of the first Asians in the Americas to the present-day. An epic history of global journeys and new beginnings, this book shows how generations of Asian immigrants and their American-born descendants have made and remade Asian American life in the United States: sailors who came on the first trans-Pacific ships in the 1500s; indentured “coolies” who worked alongside African slaves in the Caribbean; and Chinese, Japanese, Filipino, Korean, and South Asian immigrants who were recruited to work in the United States only to face massive racial discrimination, Asian exclusion laws, and for Japanese Americans, incarceration during World War II. Over the past fifty years, a new Asian America has emerged out of community activism and the arrival of new immigrants and refugees. No longer a “despised minority,” Asian Americans are now held up as America’s “model minorities” in ways that reveal the complicated role that race still plays in the United States. Published to commemorate the fiftieth anniversary of the passage of the United States’ Immigration and Nationality Act of 1965 that has remade our “nation of immigrants,” this is a new and definitive history of Asian Americans. But more than that, it is a new way of understanding America itself, its complicated histories of race and immigration, and its place in the world today.

Restricted Data

The History of Nuclear Secrecy in the United States *University of Chicago Press*

"Nuclear weapons, since their conception, have been the subject of secrecy. In the months after the dropping of the atomic bombs on Hiroshima and Nagasaki, the American scientific establishment, the American government, and the American public all wrestled with what was called the "problem of secrecy," wondering not only whether secrecy was appropriate and effective as a means of controlling this new technology but also whether it was compatible with the country's core values. Out of a messy context of propaganda, confusion, spy scares, and the grave counsel of competing groups of scientists, what historian Alex Wellerstein calls a "new regime of secrecy" was put into place. It was unlike any other previous or since. Nuclear secrets were given their own unique legal designation in American law ("restricted data"), one that operates differently than all other forms of national security classification and exists to this day. Drawing on massive amounts of declassified files, including records released by the government for the first time at the author's request, Restricted Data is a narrative account of nuclear secrecy and the tensions and uncertainty that built as the Cold War continued. In the US, both science and democracy are pitted against nuclear secrecy, and this makes its history uniquely compelling and timely"--

The Story of America and African Americans *HarperCollins*

The story of America and African Americans is a story of hope and inspiration and unwavering courage. In Heart and Soul, Kadir Nelson's stirring paintings and words grace 100-plus pages of a gorgeous picture book—a beautiful gift for readers of all ages, a treasure to share across generations at home or in the classroom. Heart and Soul is about the men, women, and children who toiled in the hot sun picking cotton for their masters; it's about the America ripped in two by Jim Crow laws; it's about the brothers and sisters of all colors who rallied against those who would dare bar a child from an education. It's a story of discrimination and broken promises, determination, and triumphs. Kadir Nelson's Heart and Soul—the winner of numerous awards, including the Coretta Scott King Author Award and Illustrator Honor, and the recipient of five starred reviews—is told through the unique point of view and intimate voice of a one-hundred-year-old African-American female narrator. This inspiring book demonstrates that in striving for freedom and equal rights, African Americans help our country on the journey toward its promise of liberty and justice—the true heart and soul of our nation.

Voices of a People's History of the United States *Seven Stories Press*

Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in Voices of a People's History of the United States, edited by Howard Zinn and Anthony Arrove. Paralleling the twenty-four chapters of Zinn's A People's History of the United States, Voices of a People's History is the long-awaited companion volume to the national bestseller. For Voices, Zinn and Arrove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. Voices of a People’s History is a symphony of our nation’s original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation’s true spirit of defiance and resilience.

Why Have There Been No Great Women Artists?: 50th anniversary edition *Thames & Hudson*

The fiftieth anniversary edition of the essay that is now recognized as the first major work of feminist art theory—published together with author Linda Nochlin’s reflections three decades later. Many scholars have called Linda Nochlin’s seminal essay on women artists the first real attempt at a feminist history of art. In her revolutionary essay, Nochlin refused to answer the question of why there had been no “great women artists” on its own corrupted terms, and instead, she dismantled the very concept of greatness, unraveling the basic assumptions that created the male-centric genius in art. With unparalleled insight and wit, Nochlin questioned the acceptance of a white male viewpoint in art history. And future freedom, as she saw it, requires women to leap into the unknown and risk demolishing the art world’s institutions in order to rebuild them anew. In this stand-alone anniversary edition, Nochlin’s essay is published alongside its reappraisal, “Thirty Years After.” Written in an era of thriving feminist theory, as well as queer theory, race, and postcolonial studies, “Thirty Years After” is a striking reflection on the emergence of a whole new canon. With reference to Joan Mitchell, Louise Bourgeois, Cindy Sherman, and many more, Nochlin diagnoses the state of women and art with unmatched precision and verve.

“Why Have There Been No Great Women Artists?” has become a slogan and rallying cry that resonates across culture and society. In the 2020s, Nochlin’s message could not be more urgent: as she put it in 2015, “There is still a long way to go.”

Amid the noise, it has become increasingly important to examine different perspectives with both curiosity and discernment. But how do parents teach these skills to their children? Drawing on more than twenty years’ experience homeschooling and developing curricula, Julie Bogart offers practical tools to help children at every stage of development to grow in their ability to explore the world around them, examine how their loyalties and biases affect their beliefs, and generate fresh insight rather than simply recycling what they’ve been taught. This Land Is Our Land

A History of American Immigration *Abrams*

A “fascinating” history of immigration in America with extensive photos and illustrations (Kirkus Reviews). American attitudes toward immigrants are paradoxical. On the one hand, we see our country as a haven for the poor and oppressed; anyone, no matter his or her background, can find freedom here and achieve the “American Dream.” On the other hand, depending on prevailing economic conditions, fluctuating feelings about race and ethnicity, and fear of foreign political and labor agitation, we set boundaries and restrictions on who may come to this country and whether they may stay as citizens. This fact-filled, illustrated book explores the way government policy and popular responses to immigrant groups evolved throughout U.S. history, particularly between 1800 and 1965—and concludes with a summary of events up to contemporary times, as immigration again becomes a hot-button issue. “[An] exceptional work.” —School Library Journal (starred review) Includes a bibliography and index

A Patriot's History of the United States

From Columbus's Great Discovery to the War on Terror *Penguin*

For the past three decades, many history professors have allowed their biases to distort the way America’s past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America’s patriots and the achievements of “dead white men.” As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot’s History of the United States corrects those doctrinaire biases. In this groundbreaking book, America’s discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America’s true and proud history.

The Dreamt Land

Chasing Water and Dust Across California *Vintage*

" An] exhaustive, deeply reported account . . . Few other journalists could have written a book as personal and authoritative . . . As Arax makes plain in this important book, it's been the same story in California for almost two centuries now: When it comes to water, 'the resource is finite. The greed isn't.'" --Gary Krist, The New York Times Book Review A vivid, searching journey into California's capture of water and soil--the epic story of a people's defiance of nature and the wonders, and ruin, it has wrought Mark Arax is from a family of Central Valley farmers, a writer with deep ties to the land who has watched the battles over water intensify even as California lurches from drought to flood and back again. In The Dreamt Land, he travels the state to explore the one-of-a-kind distribution system, built in the 1940s, '50s and '60s, that is straining to keep up with California's relentless growth. This is a heartfelt, beautifully written book about the land and the people who have worked it--from gold miners to wheat ranchers to small fruit farmers and today's Big Ag. Since the beginning, Californians have redirected rivers, drilled ever-deeper wells and built higher dams, pushing the water supply past its limit. The Dreamt Land weaves reportage, history and memoir to confront the "Golden State" myth in riveting fashion. No other chronicler of the West has so deeply delved into the empires of agriculture that drink so much of the water. The nation's biggest farmers--the nut king, grape king and citrus queen--tell their story here for the first time. This is a tale of politics and hubris in the arid West, of imported workers left behind in the sun and the fatigued earth that is made to give more even while it keeps sinking. But when drought turns to flood once again, all is forgotten as the farmers plant more nuts and the developers build more houses. Arax, the native son, is persistent and tough as he treks from desert to delta, mountain to valley. What he finds is hard earned, awe-inspiring, tragic and revelatory. In the end, his compassion for the land becomes an elegy to the dream that created California and now threatens to undo it.

The Martyrdom of Collins Catch the Bear *Seven Stories Press*

The search for justice for a Lakota Sioux man wrongfully charged with murder, told here for the first time by his trial lawyer, Gerry Spence. This is the untold story of Collins Catch the Bear, a Lakota Sioux, who was wrongfully charged with the murder of a white man in 1982 at Russell Means’s Yellow Thunder Camp, an AIM encampment in the Black Hills in South Dakota. Though Collins was innocent, he took the fall for the actual killer, a man placed in the camp with the intention of compromising the reputation of AIM. This story reveals the struggle of the American Indian people in their attempt to survive in a white world, on land that was stolen from them. We live with Collins and see the beauty that was his, but that was lost over the course of his short lifetime. Today justice still struggles to be heard, not only in this case but many like it in the American Indian nations.
