c) Development and Underdevelopment Inequality and poverty exist everywhere in the world. Inequality exists between classes of people within each country, between urban and rural areas and between different parts of the world. In each case poverty is caused by a lack of access to resources and power.

Understanding Poverty and Development

In the early 21st Century, prospects for human development are threatened by a deepening global water crisis. Debunking the myth that the crisis is the result of scarcity, this report argues poverty, power and inequality are at the heart of the problem.
