Sometimes simply the format of the exam confuses and frustrates students so this guide will help them with that and they will be better equipped to perform well. When using a study guide as the basis for your review lesson, ensure that it is interactive. Have students translate the vocabulary words on the sheet, leave blanks in target structures for students to fill in, and list only the questions of a model dialogue so students have to write

down their answers.

A literature review is a piece of academic writing demonstrating knowledge and understanding of the academic literature on a specific topic placed in context. A literature review also includes a critical evaluation of the material; this is why it is called a literature review rather than a literature report.
