**Rear Shock Bushings for the Acura
TL - suspension.com**

By Brett Foote - May 13, 2016. This

article applies to the Acura TL
(2004-2008). Premature lower control
arm bushing wear is a common problem
in the Acura TL, and it's one that has
plagued many owners. These bushings
tend to rip and tear on cars with as little
as 30-40,000 miles, which is
unacceptable considering the fact that
most cars see these bushings last the
life of the car.
