How to do a SWOT Analysis for Risk Identification and Risk ...

Risk vs Opportunity. Generally speaking, the goal of strategy is not to maximize opportunity and the goal of risk management is not to minimize risk. Both strategy and risk management seek to optimize total reward within the context of an organization or individual's risk tolerance. The future can't be predicted with absolute certainty and the risk-opportunity tradeoff is often a best guess or mathematical estimate.

Risk vs Opportunity - Simplifiable

Risks and opportunity assessment. Identification of relevant criteria for risks and opportunity assessment – in collaboration with stakeholders. The focus of WP4 is to assess the risks of climate change and their socio-economic implications for fisheries and aquaculture in Europe. To that purpose, WP4 will first, identify the relevant parameters for the measurement of risks and opportunities, then identify and produce a list of those that are relevant for each case study.
