Empowerment, health promotion and young people: future ...
Discussions of having fun were understood as potentially liberating, resistive and subversive, but which exist in some tension with adults’ discourses of risk and risk-taking., – Examining young people's accounts points to the possibility of a more positive discourse on health – opening up new opportunities and insights for health promotion informed by concepts of empowerment.

Young people's perspectives on health: empowerment, or ...
Abstract. Empowerment is a concept that has been much used and discussed for a number of years. However, it is not always explicitly clarified what its central meaning is. The present paper intends to clarify what empowerment means, and relate it to the goals of health promotion. The paper starts with the claim that health-related quality of life is the ultimate general goal for health promotion, and continues by briefly presenting definitions of

Empowerment: a goal or a means for health promotion?

Abstract. Although empowerment is one of the core principles of the World Health Organization’s approach to health promotion, there are no standards, best practice recommendations, or guidelines for evaluating empowerment within interventions. For the development of effective empowerment promoting interventions, adequate study designs, methods, and indicators for assessing empowerment are essential.

Evaluation of Empowerment in Health Promotion ...

Power is a central concept in community empowerment and health promotion invariably operates within the arena of a power struggle. Community empowerment necessarily addresses the social, cultural, political and economic determinants that underpin health, and seeks to build partnerships with other sectors in finding solutions.
